## Franco Spain Still Subject To '46 Boycott

### U.N. Assembly Rejects Change As 16 Nations Withhold Vote

NEW YORK, May 16 (CP).—The United Nations tonight refused to ease or tighten its diplomatic boycott on Franco Spain.

The General Assembly voted 26 to 15, with 16 abstentions, on a Latin-American bid to allow United Nations members to send top-level diplomats back to Madrid. But the measure failed by four affirmative votes to obtain the two-thirds majority necessary to make it effective.

## Oust Claim "D.P.'s" Exploited

NEW YORK, May 17 (Tuesday)

(CP).—The United Nations General Assembly early today rejected Russian-bloc charges that Western powers, including Canada, exploit displaced persons who emigrate from Europe.

A Polish resolution indirectly charging refugees are intimidated from returning to their countries of origin was voted down 31 to 8 with 14 abstentions.

Gen. A. O. L. McNaughton, Canada's permanent delegate, rejected as "untrue" Russia's charges that refugees in Canada are exploited for their labor value. McNaughton noted that the same charges had been made often in the past and had been denied.

Benjamin K. Thompson, Russian delegate, quoted The Canadian Tribune of April 10, 1948, as saying a displaced person who protested against working conditions was transferred to another camp and was not paid. McNaughton told the assembly Canada welcomed refugees.

"We are doing all in our power to make a real home for them," he said. "Those who wish to go back to their countries of origin can do so, he added. But none had so far expressed that wish."

## Poskitt Found Not Guilty Of Manslaughter Charge

Kenneth Royston Poskitt, 1637 Pembroke Street, was found not guilty of manslaughter yesterday by an Assize Court jury that deliberated nine minutes.

Poskitt had been charged with killing Melvin Cooper Graham, 59, of 1032 Balmoral Road, in a traffic accident at the intersection of Pandan Avenue and Vancouver Street last October 35.

Graham died two days later in Royal Jubilee Hospital, and on November 1 a coroner's jury handed down a verdict of "accidental death" in connection with the fatality.

An original manslaughter charge against Poskitt had been withdrawn November 12 by City Prosecutor C. L. Harrison, but was re-entered a month later on instructions from the Attorney-General's Department.

At yesterday's brief trial, Constable Richard Berry, city police,

told of finding Graham lying on the road shortly after the accident and saying, "Oh, I'm fine," and requesting that he be allowed to go home instead of to the hospital.

He said later he found a bottle of gin in Graham's hip pocket and found that Poskitt's windshield wiper was missing. He admitted that when rain had lessened he permitted Poskitt to follow his power car to the police station, considering it safe to allow him to drive without the windshield wiper.

**DROVE VERY SLOWLY**  
All witnesses called testified that Poskitt was driving extremely slowly. Poskitt said that he did not see the man until he felt a bump and saw him over his left fender.

Patrick J. Sinnott acted as Crown counsel in the case. Carson Martin, K.C., was counsel for Poskitt. J. A. Byers kept a watching brief during the case on behalf of Graham's widow, Carrie, Barto Graham, who has filed a \$12,000 civil suit against Poskitt following her husband's death.

## Bumper to Bumper, Cars Crawl on Niagara Peninsula

Automobiles—thousands of them—slowed motoring in the Niagara Peninsula down to horse-and-buggy speed last week-end. The number of cars on the road, officials said, was as great as at any time on record, and motorists who anticipate traveling across the border at Buffalo or Niagara Falls on statutory holidays can expect a bumper-to-bumper parade. Here is a section of the highways at Niagara Falls.

## U.S. Fixes Ford Action Deadline

DETROIT, May 16 (AP).—The

United States Government will decide Tuesday whether it will enter the Ford "speed-up" strike dispute immediately.

Another session between representatives of the United Automobile Workers (UAW) and the Ford Motor Company broke up late today with no reports of progress.

Immediately afterwards, Federal Mediator Arthur C. Viat scheduled separate talks with both parties before Tuesday's negotiations. He said he would hear both sides of the dispute.

He promised to announce his decision then.

Cyrus S. Ching, Federal Mediation Director, has given Viat full freedom of action. Viat is Detroit director for the United States Mediation Service.

The union, which invited mediation, appeared ready to insist that the Government enter talks immediately. Ford, however, was cool toward the idea.

## Saskatchewan Gets Big Rain

REGINA, May 16 (CP).—The heaviest and most widespread rainfall of the year fell on southern Saskatchewan late Monday to give hope to farmers who had already begun to predict a return of "the dry 30's."

The end to a long siege of hot, dry weather was called a "million-dollar shower" by one agriculture official.

Reports available indicated the biggest downpour occurred in the Regina-Moose Jaw area, with Regina recording .68 of an inch of rain. The weather bureau said apparently most of the precipitation fell on the eastern two-thirds of the province but the parched Swift Current area in the west also felt up .10 of an inch of moisture.

## Cooler Days Check B.C. Flood Threat

By The Canadian Press

Cloudy weather slowing the snow melt in the Columbia River's headwaters and tempering the current hot streak in British Columbia was hailed by officials keeping tabs on flood conditions in the province and Pacific Northwest.

However, the 1948 flood has already claimed three lives.

A rowboat capsized on the swollen Clearwater River at Idaho and three members of a logging drive crew were drowned. Four other drive men safely to shore.

**EXPRESS OPTIMISM**

In British Columbia water and power officials expressed cautious optimism today that the Fraser River is near its peak.

And from Princeton, B.C., where the Similkameen and Tulemeen Rivers have caused concern, a report said cooler weather has checked

the flood threat although the situation remains critical.

The report said the Tulemeen has receded one foot in the last two days while the Similkameen is still rising. The junction of the rivers at Princeton, 130 miles east, threatens rich orchard lands.

The lordly Fraser registered 19.30 feet today at Mission, B.C.—more than a foot over minimum flood stage. However, dikes are holding well.

**EXPECT DECREASE**

The water and power bureau said it expects a 20-foot level tomorrow, a rate of increase down greatly from the past several days.

Main damage at Princeton so far has been to severed rail lines and inundated side roads. Two main arteries also were out.

But train service now is regular while main highways are open.

In Vancouver, City Health Officer Dr. Stewart Murray said that construction of the present heavy Fraser River runoff may cause a ban to be placed on bathing at English Bay until the garbage and litter brought down by the swollen water disappears.

As the snow melt slowed, the Kootenai River in Northern Idaho began falling. All dikes protecting Bonners Ferry still held.

The Lower Columbia, now more than six feet above flood stage at Vancouver, Wash., will continue to rise slowly for several days before the effect of cooler weather can be felt. No serious damage, however, is expected.

On the Upper Columbia, water levels read as follows:

**MAY 15**  
1948—Trail 27.35, Revelstoke 15.99,  
1948—Trail 18.99, Revelstoke 10.25.

**MAY 16**  
1948—Trail 26.7, Revelstoke 15.7,  
1948—Trail 20.50, Revelstoke 10.13.

## First Train Into Berlin

Shown above is first train to enter Berlin since last July—an Anglo-American military train which entered the city shortly after blockade was lifted and arrived at Charlottenburg Station in the British sector. The train chugged into the station an hour ahead of schedule with its whistle shrilly proclaiming the end of the Soviet blockade.

## Berlin Vote Shows Reds in Disfavor

### Hand-Picked List of Candidates Rejected by East Zone Citizens

BERLIN, May 17 (Tuesday) (AP).—First scattered returns early today from Eastern Berlin in the Soviet-zone elections showed the Communists were taking a beating.

Official results were not expected until late this afternoon.

Unofficial reports in newspapers in the Western sector of the city said the trend set up by the first Berlin returns were reflected in the surrounding Soviet zone outside the city.

This was in contrast with the confident predictions of Communist politicians in the Soviet zone of occupation that an overwhelming majority of the voters would support them.

**ON SINGLE TICKET**  
The voting took place Sunday and yesterday for a "People's Congress" of 2,000 members, all hand-picked by Communist-controlled organizations and put on a single ticket.

The main election committee of the "People's Congress" for Berlin announced that, of 7,000 votes counted, only 2,820 endorsed the list of candidates on the ballot. A total of 3,808 votes said "no." Some vote for a police state, and we reject Communism." About 350 votes were declared invalid.

The early returns from Berlin showed a majority of "no" votes—the only way the Congress could be rejected since only one list of candidates was submitted.

**RETURNS LACKING**  
Russian-controlled propaganda outlets gave no returns. They gave out reports only of a heavy vote being cast, ranging from 97.8 to 92.3 per cent.

The "People's Congress" would be the answer to the Western state being set up in the Western occupation zone by Britain, the United

States and France. It would back Russia in the Four-Power conference on Germany scheduled to open in Paris, May 23.

Earlier, Eastern-zone Communists had claimed they would roll up 10,000,000 votes in support of the People's Congress for the entire Eastern occupation zone.

The East-German election was one of three Sunday in Eastern Europe under Communist auspices.

In Bulgaria, the Communist-dominated government announced a sweeping victory in election of a new parliament.

In Bulgaria, too, there was but a single list of candidates for municipal and county councils and court jurors. The official incomplete returns showed almost unanimous support for the official list of 45,000 candidates.

Meanwhile, the railway from Western Germany was bringing into Berlin more coal and food than the airlift. Four days after the blockade was lifted the railway had reached an average of 7,500 tons a day. The airlift carried 7,100 tons in the last 24 hours.

Before the blockade was imposed, railway traffic into the city averaged 12,000 tons a day.

**SHANGHAI RIM  
Under Attack  
Of Communists**

SHANGHAI, May 16 (AP).—Communist assault troops closed in today on Shanghai's great international airport and concentrated artillery fire on targets at the besieged city's outskirts.

A Communist broadcast from Peiping declared Shanghai "will be liberated by the not distant future." It gave Communist positions as 12 miles from the city on the west and southwest.

Shanghai authorities have admitted penetrations to within five miles of the city's outskirts.

**SHOWDOWN NEAR**  
On the broader front of the south-central campaign, a showdown drew nearer with Government abandonment of Hankow, Wuchang and Hangyang, 600 miles up the Yangtze west of Shanghai.

It is on that front, where Communist forces are moving rapidly south toward the Nationalist provincial capital of Cagyon, that the last big military action of the civil war is likely.

With the Reds besieging the city, Shanghai residents waited with little outward show of concern. Most foreign airlines have flown all of their planes out of the Shanghai area.

There was a flurry of last-minute departures. British Overseas Airways and R.A.P. Sunderland flying boats that alighted on the Whangpoo near Lungchow field took out 157 persons to Hongkong Sunday and Monday. Another R.A.P. flight Tuesday was considered doubtful.

**BALKED AT WOOSUNG**  
The Reds had been balked so far in their efforts to take Woosung, the fortress at the Whangpoo River's mouth ten miles north of Shanghai. They reached its edge several times but were unable to stay. Ships still went in and out.

**Canadians  
Not in Danger**

OTTAWA, May 16 (CP).—Col. L. M. Cosgrave, Canadian commercial counselor at Shanghai, returned to Ottawa tonight and said he did not think that Canadian lives or property were menaced by the advances of the Chinese Communists toward Shanghai.

Col. Cosgrave returned here to report to the Government after a brief stop at Hongkong.

He said in an interview he did not believe Canadians remaining at their posts in the face of the Red advance were in any danger.

He said in an interview he did not believe Canadians remaining at their posts in the face of the Red advance were in any danger.

## WEATHER FORECAST

Victoria and Vicinity—Clear. Light winds. Little change in temperature.  
High Today—65.  
High Yesterday—62.  
Sunshine Yesterday—11 hours 36 minutes.

## BULLETINS

### Take Hankow

CANTON, May 17 (Tuesday) (AP).—Main elements of the Communist fourth field army today walked into Hankow, "evacuated Nationalist industrial centre in Central China," it was reported here.

Abandonment of Hankow gave China's largest inland port, 600 miles up the Yangtze River from Shanghai to the crack Manchurian troops of Red Gen. Lin Biao. They had been sitting almost on the outskirts of the city for the past week.

**Crash Kills Six**  
ROSWELL, N.M., May 16 (AP).—Six persons were killed Monday when a United States Air Force C-47 transport crashed and burned 12 miles northeast of Walker air force base.

Officers said an engine fire caused the crash.

**Favor Federation**  
CLEVELAND, O., May 16 (AP).—The A.F.L. executive council Monday voted unanimously to join with the C.I.O. British and other non-Communist labor groups in forming a new world-wide trade union federation.

## Eisler Returned to Jail By British Magistrate

LONDON, May 16 (AP).—A British

court refused bail Monday for Gerhart Eisler and sent the bespectacled Communist back to jail. He will spend at least eight days in a cell awaiting a hearing on whether he will be returned to the United States as a fugitive.

The Polish Government today demanded his release and an apology from British authorities for taking Eisler off the Batory at Southampton Saturday. The House of Commons argued the case and then passed on to other business to await the findings of the court.

In Washington, officials said a fresh charge may be made against Eisler as a fugitive from American justice if and when he is extradited from Britain.

In the Senate, Senator Alexander Wiley (Rep. Wis.) joined Senator Patrick McCarran (Dem. Nev.) in calling for a "thoroughgoing inquiry" into how Eisler eluded Federal agents and ducked out of the United States with two jail sentences hanging over his head.

Eisler made two appearances in court today. First the 52-year-old defendant was brought before a magistrate's court in Southampton which shunted the case to London's Bow Street court.

Magistrate J. W. Eastwood of the Bow Street court turned down the bail plea of Eisler's counsel and ordered him "remanded in custody." Hearing on the case was adjourned until May 24.

Eisler jumped bail of \$23,500 when he fled from New York aboard the Batory a week ago Friday. He faces two prison sentences in the United States.

An involved international controversy developed around Eisler, who had tried to flee United States authorities by stowing away aboard the Polish liner Batory.

strengthened the Government's hand in the negotiations with Argentina for a new meat contract to replace the "Andean" pact which now has expired. Deliveries by Argentina fell about 40,000 tons short of the 400,000 tons specified in the 1948 agreement but supplies under the agreement are still reaching Britain.

The negotiations in Buenos Aires remain in a critical stage on the question of price.

**Entire Ration of Meat  
Starts in Britain Sunday**

LONDON, May 16 (Reuters).—Improvement in Britain's domestic and imported supplies of meat will enable Britons to draw their full weekly ration in fresh meat, starting next Sunday, it was announced Monday.

Informed sources said the announcement indicates that the Government feels it will be able to maintain the ration even if current negotiations between Argentina and the United Kingdom break down.

**APPLIES TO IMPORTS**  
Food Minister John Birchall made the ration announcement in the House of Commons. At present 2d about four cents worth of the weekly ration of 1d 10 (about 22 cents) must be taken in canned corned beef.

It was learned that the improvement in supplies applies not only to home-produced meat but to imports from such countries as Australia, New Zealand and the United States. Fat cattle supplies from Ireland also have been stepped up and a small amount of pork has come from France.

On the other hand, The Daily Express today predicted another cut in the meat ration during the next few weeks.

Informed quarters said the reported increased supplies have

## Thirteen Asbestos Men Freed On Bail, Two to Face Hearing

SHERBROOKE, Que., May 16 (CP)—Fifteen men charged with conspiracy to incite an illegal gathering last May 5 in the course of a strike of miners at Asbestos, Que., were arraigned Monday and 13 went free on bail.

Two were remanded in preliminary hearing Friday, when a preliminary hearing date will be set for the 13 granted bail. In 11 cases this was \$3,000 property bond and \$300 cash; it was \$800 property bond in two instances.

Held for preliminary hearing Friday were Rene Roquer, a union organizer, and Marcel Charpentier. Today's arraignments followed an outbreak of violence at Asbestos May 5 when striking workers of the Canadian Johns-Manville Company barred roads to non-union workers and set upon police.

Those arraigned today were arrested during the week-end just prior to the issuance of a state-

ment by the C.C.C.L. charging Provincial Police with use of brutal tactics and torture in making the mass arrests at Asbestos.

Before the arraignments special crown prosecutor Noel Dorion, acting for the attorney-general's department, said a preliminary hearing would be held to determine if the charges were under instructions not to molest or question prisoners in making arrests.

Mr. Dorion told Judge Chasse that if it were shown police did not use brutality or violence, they were charged by the C.C.C.L. Statement, then warrants should be issued for the arrest of those responsible for the statement.

Among those released on \$2,000 bail was Rodolphe Hamel, federation president.

## Adjourns Case Of C.S.U. Men For More Study

VANCOUVER, May 16 (CP)—Mr. Justice A. M. Manson said in Supreme Court today that he intends to make an "exhaustive inquiry" into the Canadian Seamen's Union strike before giving a decision on seamen charged with contempt.

He adjourned to Wednesday his hearing of an application by the Seaboard Owners, Limited, for commitment of C.S.U. men for contempt.

The men are charged with defying a court injunction ordering them to leave the Eastern Canadian freighter S.S. Seaboard Star, and to discontinue picketing the ship.

**WANTS FULL FACTS**  
Mr. Justice Manson said he wanted full facts and arguments on the new with regard to the obligations and duties of the seamen involved and their employers.

He criticized sharply the action of James Bux, executive secretary of the Vancouver Labor Council (C.C.L.), in sending him a letter regarding the case.

He said that "attempts to influence the court by non-litigants is in the nature of contempt. I shall ascribe this letter to ignorance, rather than contempt."

Contents of the letter were not disclosed.

Meanwhile, 26 C.S.U. crew members of the strike-bound freighters Islandide and Rockside were remanded to Friday when they appeared in police court today on charges of wilfully disobeying lawful commands.

**MONTEAGUE CELEBRATES**

MONTEAGUE, May 16 (CP)—Montreal celebrated its 307th anniversary yesterday with placing of wreaths at the base of the Paul Chomedey de Maisonneuve Monument at downtown Place d'Armes. About 100 people attended the civic ceremonies. Maisonneuve founded Montreal.

## Queen Joins Worshipers For "Mission to London"

LONDON, May 16 (CP)—The Queen knelt today with other worshippers in St. Paul's Cathedral as the Church of England held its first in a series of daily services in connection with its "Mission to London."

Bus drivers in uniform, soldiers in khaki and men wearing sports clothes gathered with other worshippers in more formal garb to hear Dean W. R. Matthews speak on the theme: "He (Christ) couldn't care more."

**AIMED AT PAGANISM**  
The "Mission to London," typified by the subject of the Dean's sermon, is an attempt by the church to overcome what Bishop William Ward calls the "crass paganism of Central London and the ignorance of suburbia." The mission will continue during the next two weeks—combining mass appeal advertising methods such as movies and sky-writing with hard-hitting sermons.

At today's service the Queen, in sumptuous powder-blue dress and plumed hat, was the central figure. A few minutes before the ceremony Her Majesty, accompanied by a lady-in-waiting, mounted the time-worn steps to the cathedral's massive front portal where she was welcomed by the Dean and 12 supporting clergy.

The unusually representative congregation of more than 1,000 rose as the procession waited slowly down the centre aisle to the nave. There the Queen first knelt in prayer, then seated herself in a plain oak chair facing the high altar.

Her gloved hand rested on the arm of her chair while the Dean preached a sermon lasting 40 minutes.

"The most important task of the church today," the Dean said, "is to put Christian faith on the intellectual map and show that it has the answers to our problems."

After the service, Her Majesty shook hands with each of the clergy in turn. Standing on the cathedral steps, she waved to the crowds gathered outside. Homebound workers waved to her from the tops of buses as she stepped into her car for the return drive to Buckingham Palace.

**RELIEVED IN A JIFFY!**

And the RELIEF IS LASTING

For fast, prolonged relief from headache get INSTANTINE. This prescription-like tablet contains not just one, but three proven medical ingredients that ease the pain fast.

And the relief is, in most cases, lasting. Try INSTANTINE just once for pain relief and you'll say as thousands do that there's one thing for headache . . . it's INSTANTINE!

And try INSTANTINE for other aches, too . . . for neuritic or neuralgic pain . . . for the pains and aches that accompany a cold. A single tablet usually brings prompt relief.

## Where Tourist Dollar Goes

Just how tourist's dollar is disposed of in first instance is illustrated by an analysis figured by tourist promotion interests as shown above. Twenty-five cents are spent in retail and department stores; 22 cents in restaurants and food stores; 17 cents in hotels, resorts, and tourist camps; 12 cents in service stations and garages; nine cents for movies, entertainment and other forms of recreation; seven cents for train, steamship, motor coach and plane fares; five cents for refreshments and roadside purchases, and three cents for novelties, souvenirs, gratuities and other incidental expenditures. Under each of these divisions, it is emphasized, tourist dollar again keeps circulating and benefiting everybody.

## Manitoulin "Wets" Win Battle for Liquor Sales

LITTLE CURRENT, Ont., May 16 (CP)—The Canada Temperance Control Act of Ontario and the Ontario Liquor License Act, Ontario laws provide for sale of beer, wine and liquor in Government stores and require a 50-per-cent local vote in the community concerned before licence are issued for sale in hotels or other public places.

Under the C.T.A., a simple majority vote decides the question.

**ORDER IN COUNCIL**  
(Authorities in Ottawa and Toronto said the returning officer—Rev. W. W. Anglin, retired 80-year-old United Church Minister—would report the result to the Federal secretary of state. If the vote was against the C.T.A., it would be reversed in Manitoulin by an order in council passed any time after 30 days elapsed from taking the vote. The order would become effective on publication in The Canada Gazette when the Ontario liquor law would automatically come into effect.)

The C.T.A. provides for country-wide or city decisions on whether it comes into force. Manitoulin is a judicial district. Northern Ontario counterpart of a county. It voted for the C.T.A. in December, 1912, and the act became effective in May, 1914.

**BITTER CAMPAIGN**  
The 5,582 eligible voters, including about 500 Indians, turned out in large numbers, their interest quickened by a bitter campaign. Good weather helped the turnout.

The issue actually was between the C.T.A., which became effective in Manitoulin in 1914 and the two

**RAILMEN SEEK 30 PER CENT PAY INCREASE**

MONTEAL, May 16 (CP)—The Canadian Brotherhood of Railway Employees (C.B.R.E.) today announced its intention of seeking a 30 per cent wage increase for its 25,000 members when the present agreement with the railroads expires, July 16.

At the same time, representatives of 17 international brotherhoods affiliated with the American Federation of Labor opened a two-day policy meeting here with wages and working conditions on the agenda.

More than 170,000 Canadian railroad workers belonging to both groups were granted a 17-cent increase last July.

Frank Hall, chairman of the General Council of the international brotherhood which represents 140,000 workers, said the question of wages has not yet been discussed by his union.

**"I'm in business for myself"**

... says C. R. (Tom) Redstone, Independent Chevron Dealer of Peachland.

"When my son, Ray, came home after three years overseas in the Army, we went to work building a new service station. It's taken the place of the one I'd operated in Peachland since Ray was a youngster. We're kind of proud of that new Chevron Gas Station of ours, and we try to give real service and personal attention to the motorists who do business with us. They're more than just our customers . . . they're our friends. It's a fine thing to build up a business of your own which you can share with your son. And both Ray and I are mighty glad to be living in a country where we've had the opportunity to do it."

Going Steadily with B.C. STANDARD OIL COMPANY OF BRITISH COLUMBIA LIMITED

Marine Building

C. R. (Tom) Redstone, Independent Chevron Dealer of Peachland, is one of the more than 850 service station operators who have chosen to market Standard of B.C. products. His progress and prosperity depend on himself. Like many other small businessmen, he prefers to stand on his own feet and participate in the greater opportunities and individual freedoms which he finds in British Columbia.

## Radiography for Cancer Treatment Progressing in Quiet English Town

AMSTERDAM, Buckinghamshire, England, May 16 (Reuters).—Seventy persons working in a nine-acre plant set in this quiet country town are making a unique scientific contribution to medical and industrial research.

A radio chemical centre controlled by the Ministry of Supply is filling the needs of all British hospitals in the treatment of cancer and in the use of radiography to improve the quality of industrial products.

**BEGUN IN WAR**  
As the centre develops the pioneering work it began at the end of the war, revolutionary methods of improving industrial processes, even agricultural methods may result. The Amsterdam centre is claimed to be the only one in the world where natural and artificially-produced radioactive materials are handled together.

The Government disclosed many secrets of the project to press correspondents who toured the establishment.

Though the work of the Amsterdam scientists is devoted entirely to peaceful and humanitarian purposes, they are known to the inhabitants of surrounding villages as "the atom bomb people." This is because the radioactive materials for the Amsterdam laboratories come from the Government's atomic energy pile at Harwell, Berkshire.

Today all the Government's radium stocks are concentrated here. New apparatus and appliances have been evolved; some are now being sent to overseas governments. Radium has been supplied not only for the treatment of British patients but to hospitals in Canada, Australia, France, and other parts of the world.

Those who work here regularly undergo periodic medical examinations. They carry in their pockets small undeveloped films which are checked weekly to measure the extent of radiation to which they have been exposed.

Since the centre was established in November, 1946, no dangerous radioactivity has been discovered and no workers have suffered ill effects.

Today all the Government's radium stocks are concentrated here. New apparatus and appliances have been evolved; some are now being sent to overseas governments. Radium has been supplied not only for the treatment of British patients but to hospitals in Canada, Australia, France, and other parts of the world.

## Civic Aid Is Asked by Society To Beautify Victoria Gardens

The Victoria Horticultural Society yesterday requested a civic grant from council "to further its work in helping residents beautify their property in order to make Victoria a true 'City of Gardens'."

During the recent Victoria Spring Garden Festival, sponsored by the society, nearly 400 visitors were transported by bus to view 22 outstanding private gardens of the city and district, and this number was in addition to the regular bus service. The society announced their own cars, Jack G. Beasly, secretary, stated in a letter to council.

### RESUME BUS ROUTES

Beacon Hill-Hastings buses will resume regular routes effective today, B.C. Electric transportation division announced yesterday.

Outer Wharf buses will also resume the regular route today, to Government and Yates Streets, but will make a temporary loop via Yates, Broad, Pandora, Douglas, Yates Streets until track removal is completed past Fisgard Street.

### PARKING PROPOSAL

In order to relieve the parking problem in the vicinity of the Legislative Buildings, N. W. MacPherson, deputy minister of public works, yesterday suggested the city set aside one side of Government Street, between Superior and Elliott Streets, for unrestricted parking except at bus loading zones.

"As you no doubt are aware that the Government has out for tenders, a new permanent office building on Government, Elliott and Superior Streets, and should this work go ahead, the parking for official and other Government service cars will be a great problem," the deputy minister stated in a letter to council.

### DOCKYARD LEGION

Monthly meeting of the Canadian Legion, Esquimalt Dockyard Branch No. 172, will be held in the branch hall, 822 Admirals Road, Wednesday at 8 p.m.

### FAMILIARIZATION TOUR

To become fully armed with answers to all questions about various Up-Island centres and locations, staff members of the Victoria & Island Publicity Bureau will make a familiarization tour of that area this weekend. Their trip will extend as far as Campbell River and Port Alberni.

Since the new publicity bureau opened last week, the "travel advisers" have been answering hundreds of assorted questions relative to the city and the Island. It is not often they are stumped for a reply.

Smartly attired in flashy green uniforms of the bureau, the staff consists of Miss Ethel Hole, as chief travel adviser, Mrs. MacWright and Mrs. C. Tomlinson. President of the bureau is W. L. Woodhouse, while George I. Warren serves as commissioner.

### REALTORS TO MEET

Annual general meeting of the Victoria Real Estate Board will be held at the Empress Hotel tonight at 8:30, reports President John Fraser. A cocktail party will be held at 8:45 p.m., and guest speaker at the meeting will be Dean Macneil, past president of the Vancouver Real Estate Board.

### WELCOME GLEEMEN

A telegram welcoming the Eugene Gleemen to Victoria to participate in May 24 celebrations was sent out yesterday by Mayor Percy E. George to Mayor V. Edwin Johnson of Eugene, Ore.

"We are delighted in anticipation

## Today's Question

Answer on Page 4

Can a mercury thermometer ever freeze?

of this special treat and very much appreciate the Gleemen's participation as another of the constant demonstrations of neighbourliness, co-operation, and international unity by our American friends," Mayor George stated in his telegram.

The Gleemen will appear May 21 in the Bay Street Armoury with the Arlon Male Voice Choir.

### TO CROWN QUEEN

May Queen crowning ceremony will be held on the front steps of the Legislative Buildings on Friday, May 20, at 8:45 p.m., according to officials of the Lions Club who are again sponsoring the May Queen.

The Lions Club yesterday extended an invitation to Mayor George and Mrs. George to attend the crowning ceremony.

### GOING TO CEREMONY

Alderman Duncan McTavish will attend the Agate Highway sod-turning ceremony on May 25.

Mayor H. W. Allen of Wigglesworth, had invited Mayor George to attend the ceremony. The mayor was unable to represent the city because of the pressure of city business.

### MAN SOUGHT HERE

Percy Leary, 28, is being sought by the Salvation Army in Victoria. He was last seen by relatives in Vancouver in 1932, and is believed to have subsequently worked in Victoria and elsewhere on Vancouver Island.

Anyone knowing his whereabouts is requested to contact Major R. Shaw, Men's Social Department, Salvation Army, 528 Johnson Street.

### ATTEMPTED ENTRY

Thieves failed in an attempt to break into a grocery store at 810 Catherine Street over the week-end. According to city police, a screen was removed from a rear window, but entry was not gained because of heavy bars on the window.

### CHASED

James Cruikshank, address unknown, went to the city police station Sunday complaining he had been chased from a Johnson Street hotel by a man wielding a knife. Police are investigating.

### SUSPICIOUS CALL

A man, who told city police over the phone Sunday he was being held in a house and robbed, apparently had been drinking heavily, according to the police report.

He said he was from Vancouver, but didn't know the number of the house in which he was being held. Telephone operators failed to locate the number after the man hung up.

### WALLET LOST

Leonard King, 2504 Government Street, reported to city police yesterday the loss of a wallet containing \$200.

### ASKS REZONING

C. W. Dallimore, 207 Dundas Street, yesterday requested rezoning of property he owns in the vicinity of Victoria West Park to permit erection of a store to serve the park and the bowling club.

## Stars of Ice Follies Visit City

Leading lights of famed Ice Follies show—known throughout North America—visited Victoria yesterday afternoon as "intermission" between performances in Seattle, where show has one week to go before closing annual three-week appearance. Arriving here by Trans-Canada Air Lines shortly before noon, party returned to Puget Sound city at 4 p.m. Four, seen in above photograph, left to right, are Hans Frack, Ginger Clayton, Roy Shipstad and Frances Claudet. Ice Follies have been touring United States and Canada for past 13 years. Mr. Shipstad performed here in 1929—on night immediately prior to time city's first arena burned.

## Scottish Reserve Units in Spotlight As Army Week Displays Get Started

Last night was Scottish Night at Bay Street Armoury as Reserve Units of the Canadian Army officially opened Army Week in Victoria.

A vehicle convoy from The Canadian Scottish Regiment (Princess Mary's) and the 5th and 59th Workshops, R.C.E.M.E., opened the evening program with a parade through the downtown streets.

### RECEIVE CERTIFICATES

Later in the evening, at the Bay Street Armoury, 14 N.C.O.'s received graduating certificates from Lt.-Col. R. D. Travis, officer commanding the Scottish, for successfully completing a three months' N.C.O.'s course.

Special awards were presented to Pte. V. B. Lindal, best all-round candidate, Pte. W. Jones, nearest candidate, and C.R.M. C. D. Walker, best candidate in drill.

### GYMNASTICS DISPLAY

Tonight the 5th Regiment will have the floor with a cadet gymnastics display under the direction of Lt. A. C. Burgess.

Earlier in the evening vehicles of the unit will parade through city streets with 37 anti-aircraft guns

## 40-Hour Week Without Pay Cut Recommended for B.C.E.R. Men

Reduction of the work week from 48 hours to 40 hours in three steps was the major recommendation contained in the majority report of a conciliation board which sat in the dispute between the B.C. Electric Company and the Street Railwaymen's Union, the Labor Relations Board announced yesterday.

The change in hours is to involve no reduction in take-home pay. The work week will be reduced by two hours July 15, another two hours January 15, 1950, with the final reduction to 40 hours July 15, 1950.

### 3,000 INVOLVED

Approximately 3,000 B.C. Electric employees in Vancouver, Victoria, New Westminster and the Fraser Valley have been involved in the dispute. Of these, 2,000 men operate city transit vehicles. The remainder are freight and interurban crews, and maintenance men.

L. B. Jack, company director of industrial relations, said that this and other recommendations of the board would cost the B.C.E.R. an additional \$1,000,000 in wages. This would be on top of demands already granted by the company and estimated to cost \$50,000 annually.

The reduction of working hours to 40 a week with no reduction in take-home pay, he said, represented a wage increase of 16.5 cents an hour.

### WAGE RATE BOOST

Drivers now receive \$1.10 an hour for a 48-hour week. Under the recommended setup they would receive \$1.264 an hour for a 40-hour week.

A second majority recommendation of the board dismissed union demands for wage increases amounting to an additional eight and one-half cents an hour.

There were 18 other unanimous recommendations involving working conditions in various departments. Majority report was submitted by the chairman, W. T. Moodie, and J. G. Gould, company representative.

In a minority report, Colin Cameron, union nominee, suggested that the reduction in working hours should be completed by January 1 next year, and wages should be increased 3.5 cents an hour.

## Order Halt to Work on Arena Floor Until Ceiling Repairs Carried Out

Remaining work on the floor of Memorial Arena was ordered stopped by the arena committee yesterday.

Alderman Edward Williams, chairman of the committee, said work still to be done under the arena

until repairs are made to the ceiling. He said the committee expected separate reports on Wednesday from an independent firm of Seattle engineers and C. T. Hamilton, consulting engineer, relative to loose fibre-rock sheets in the arena ceiling.

### TO DEFINE REPAIRS

Alderman Williams said it was anticipated the reports would outline the type of repairs which must be made to the ceiling as well as fix the blame for the present condition where 20 sheets have come loose.

The city was notified by the Workmen's Compensation Board last week that the employer could be held responsible for any accident resulting from the "dangerous" condition of the arena ceiling.

Decision to halt work under the ceiling was made by the committee on the advice of City Solicitor A. J. Patton.

### GENTLEMAN'S AGREEMENT

Loney Brothers & Hamilton, arena contractors, attended yesterday's meeting and reached a "gentleman's agreement" with the committee which requires them to go ahead with other arena work only if it can be economically handled.

He disclosed he had been authorized by the mayor earlier this year to go to Vancouver where he conferred with top flight construction men regarding the ceiling. More recently the mayor arranged a meeting for him with the city engineer of Seattle. He said the Seattle city engineer introduced him to a firm of engineers in that city. With the approval of council Alderman Williams said he arranged for a representative of the Seattle firm to inspect the arena last week.

### REPORT WEDNESDAY

He said the Seattle firm notified him by telephone yesterday morning that they hoped to have their report in the hands of the arena committee on Wednesday.

"I'm absolutely determined that this thing should come to a head," declared Alderman Williams. "There will be no stone left unturned to remedy conditions at the arena and bring it to completion."

He said he had already sent letters to arena contractors with whom the city had dealt with directly, asking for an estimated completion date of work in hand and also for reasons why work had not been completed according to schedule.

### SEEK OUT "FAULT"

Alderman Williams said he hoped replies to the letters would "show where the fault lies."

He said he would not "hazard a guess" as to the date by which the arena might be completed. "I'm sure it will be some time yet before it will be in any shape to be thrown open to the public," added Alderman Williams. "It depends on

## Glass Refuse On Beach Dangerous

A number of complaints have recently been received by the parks department that children have been cut on broken bottles on Gonzales Beach, Parks Administrator W. H. Warren said yesterday.

He advised the city was doing all in its power to keep the beaches free of such dangerous refuse, and asked the co-operation of citizens to refrain from leaving bottles on the beach.

### INFRACTION OF LAW

"Mr. Warren stated a law was broken every time a bottle was broken on the beach. He said persons caught breaking bottles on the beach would be prosecuted."

Before the city purchased its garbage crusher and pulverized all refuse before it was hauled out to sea for disposal, it assumed a major share of responsibility for broken bottles drifting up on beaches. Since the pulverized garbage sinks as soon as it is dumped into the sea, nothing remains to drift on shore.

## Festive Dress Urged for City

Howard Leggett, secretary of the Greater Victoria Celebrations Association, yesterday requested the city to take a hand in dressing up the streets for May 24th celebrations, particularly those streets along which the grand parade will pass.

"It is believed that the city has in storage considerable supplies of bunting flags," Mr. Leggett stated in a letter to council. "It is requested that the city do all in its power to dress up the streets. In as much as a tremendous crowd of both citizens and tourists is anticipated, we feel it is a grand opportunity to present our city in the most favorable light."

### CROW'S GREAT ENEMY

For crow shooting, the best decoy is a stuffed Great Horned owl, the crow's natural enemy.

## Solarium Day at the Launderette

The Launderette on Yates Street is going to be the centre of an interesting operation between 8 a.m. and 10 p.m. tomorrow, Wednesday, May 18.

A number of prominent members of the Solarium Junior League will be at the location to take over for the day. Entire proceeds of the day's business will be turned over to the Queen Alexandra Solarium and used in aiding crippled children.

Many Victorians have already come to know of the Launderette and the service it has to offer. There have been seen for themselves a new, modern and sanitary method of doing the family wash. Patrons have the choice of self-service, under the capable supervision of trained attendants, or leaving their washing there to call back in a few hours and pick it up laundered and expertly finished.

Mrs. Mary Genest heads the committee which has been specially instructed in operation of the washing machines, extractors and dryers. For tomorrow's novel event, the Launderette management has arranged special decorations for the premises. All Victorians are invited to drop in and look around, to see for themselves this new answer to an old problem.

## St. Michael's Scholarship

## The Reserve Army Is Worth Looking At

It is not the Canadian custom to drum attendance at military functions. Crowds are not marshaled in squares so that pictures may go abroad as evidence of might. By comparison with such extravaganzas Army Week as celebrated here will pass quietly. The interest of civilians is voluntary, just as is the service of the men whose activities are being specially marked. Nevertheless the success of Canada's reserve army depends considerably on the public support it receives.

During this week special displays will be held in the Armoury, with a different unit parading each night. The appeal made by marching men in public will be missing, but in their place will be vehicles in convoys through the downtown section of the city. In itself this change is symbolic of the transformed nature of military service in the nineteen-forties and of the higher technical

qualifications now demanded. Keeping pace with increased mechanization is one of the major tasks of Canadian defence assignments.

It is traditional, if perhaps over-trusting, that the regular army of Canada should be a small, compact force; the nucleus only of the larger formations called into being when emergency arises. In the main this country depends on the volunteer effort of reserve army troops, men who give willingly of their time so that Canada may not be found too unprepared in a crisis. With the active army co-operating, it is the reserve army that will be open for inspection this week, and it deserves the full backing of the public. If Victoria's share of Army Week is to be the success the venture warrants, there will be large crowds every night at the Armoury. The troops on parade will be worth seeing.

## Tenement Conditions Should Be First Concern

At the end of this month the City Council, through its inspector of licences, intends to launch a special effort to make owners of apartments and rooming houses live up to their responsibilities under the civic tenement licence by-law. Loss of revenue to the city as a result of evasion of the tax apparently is the chief reason behind this decision.

From the standpoint of public welfare, however, a more important aspect of the matter is the possibility that rooming house owners who are dodging the licence fees may be dodging other responsibilities as well. A committee of the council which surveyed housing conditions recently reported to the council many instances of what were described as appalling conditions in overcrowded tenements. In such cases the value of regulatory powers created by licensing

by-laws surpasses that of the revenue they produce.

In the past ten years many of Victoria's older homes have been converted into rooming houses. Unless there is rigid inspection and insistence upon work being up to established standards, conversions of that nature present a serious danger of fire through the installation of cooking and heating appliances in rooms not originally designed for them, and in the overloading of electrical circuits. The medical health officer and members of the council have had occasion to protest also that public health is being endangered by the inadequacy of sanitary facilities in some of these premises.

These are matters demanding attention if incipient slum conditions in Victoria are to be prevented from becoming worse. They should be of greater concern than the loss of a few dollars to the civic treasury.

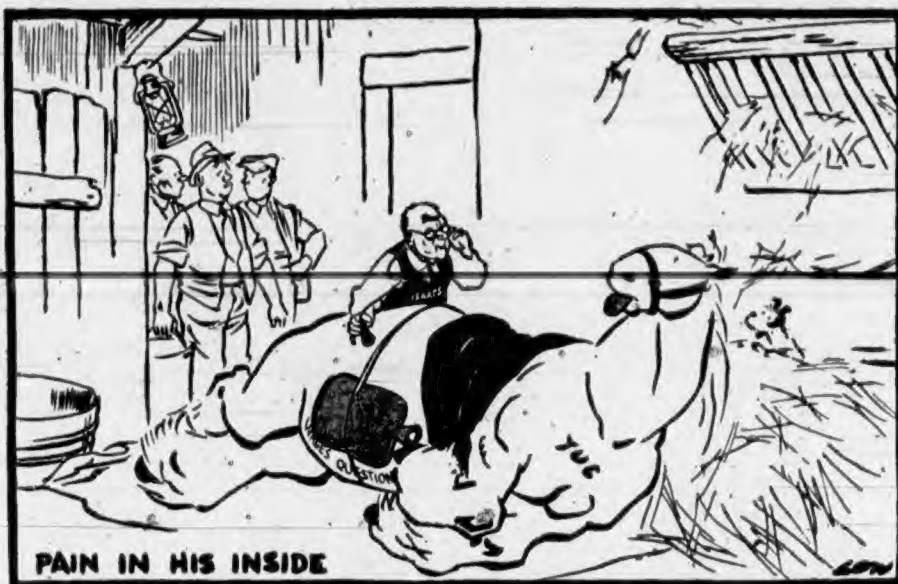

## With the Electors Canada Comes First

With Federal and Provincial general elections on simultaneously and public rostrums in demand from one end of the country to the other, British Columbia electors are likely to have their ears warmed before these issues are settled on June 27 and 15, respectively. Is it too much to ask in the general interests of this country that platform speakers remember that, with the electors at all events, Canada comes first? This is a good land and still a free one. The first issue is the choice of Assemblies and Governments big enough to run it in the Canadian way.

If we are to grow to political maturity—and after from one to three hundred years it is perhaps time that we did—Canadian politics should disabuse itself of the outworn tirades of invective, the personal spleen of attack, the green-pasture long-

ings for what happens in other lands, and above all the lure of the impossible. It is no compliment to the electors to assume that they may be moved by jealousy, political bribes or personal abuse in any form.

Within the limits of a clean campaign there should be room for everyone; room for freedom of thought and of expression, for honest differences of opinion, for the reasoned and controlled argument that advocates any reasonable course. There should be little room, however, for extremes of any nature, for personal violence of expression or of action, and for the name-calling which embitters and beclouds without enlightening a single individual. Both elections will be the better if they are kept to the straightforward and manly arguments, with the good of this country as their real goal.

PAIN IN HIS INSIDE

—World Copyright. By arrangement with Evening Standard, London.

## Thinking Aloud

... of shoes—and ships—and sailing wax—of cabbage and kings.

By TOM TAYLOR

WHEN I noticed that the Prime Minister said the Liberal Party was the home of young men I took a notion to check the ages of his Cabinet. Offhand, perhaps, most people think of Mr. St. Laurent's chief aides as rather elderly, but the average does not support this contention.

That is, if we are to consider a man in his fifties to be young. In the sporting realm he would be dead and buried by that time, but, parliamentarily speaking, youth still blooms on the cheeks of males who have passed the half-way mark of the allotted span. For the purposes of this discussion we will leave female legislators alone.

There are 20 members in the St. Laurent administration, or at least there were at the dissolution of the House of Commons. It may surprise you, but only six of them are over 50 years of age.

Victoria's Mr. Mayhew is the oldest, at 68, with the Prime Minister himself lagging but one year behind. Until a few days ago he had Mr. MacKinnon for company on the 67-year level. The other over-sixties members are: Howe, 63; Gardiner, 65, and McCann, 62.

Ten of their colleagues are in their fifties, ranging from Jean, the Solicitor-General, at 59, to Garson and Claxton tied for places at 50 years. Mike Pearson is 52. There are three "forty-ish" Cabinet ministers—Abbott, 49; Chevrier, 46, and Paul Martin, 45.

The baby of the Cabinet is the Minister of Reconstruction and Supply, Robert Henry Winters, of Nova Scotia. He is a mere 38.

## NOT BAD AT ALL

All this puts the average age of the Liberal Cabinet at the time the House was dissolved at 55.9 years. With Mr. MacKinnon gone to the Senate, where advancing years are considered to be a matter of no consequence, the average drops a few points, to 55.3 years. Not bad at all, really.

Let us turn to the Progressive Conservatives, who have hopes of replacing the St. Laurent regime. Obviously I don't know who would comprise Mr. Drew's Cabinet any more than I know Mr. St. Laurent's choice before I saw it in the newspapers, but there are a few individuals who seem to be in the top drawer class.

Just for comparison let us take Messrs. Peakes, Macdonnell, Green, Graydon, Diefenbaker, Fleming, Cockerm, and Merritt. They seem pretty active, and some of them, perhaps most of them, would be sure to be among the chosen.

To begin with, of course, there is Mr. George Drew himself, a man 13 years younger than Mr. St. Laurent. At 55 he gives his side a promising start. Of the others, the oldest is 64 and the youngest a scant 40. Graded downwards, they read:

James Macdonnell, 64 years; General Peakes, 61; Cockerm, 64; Howard Green and John Diefenbaker, each 58; Graydon, 52; Fleming, 49, and Cecil Merritt, 40.

## MUCH THE SAME

A round dozen more would be needed to complete a cabinet, of course, but these figures might indicate that a Progressive Conservative administration would have much the same average age as the one they would displace.

Mr. Coldwell, the C.C.F. leader, by the way, has reached the 60-year-old mark. Mr. Solon Low, the Social Credit chief, is 49.

I had a thought to analyze the whole membership of the House of Commons, but it was too formidable a task. Presumably, however, the individuals mentioned above are typical of the age spreads that exist in Parliament, and represent a fair cross-section of the years amassed by its members.

No one party seems to be the particular home of youth, but Parliament itself seems well enough served by young or youthful men. There once was a famous Prime Minister who formed a cabinet when he was only 34, but in his day seats could be bought, and even Pitt couldn't duplicate that feat were he alive today—not by a long shot.

On the whole I would say that the average age of Canadian parliamentarians is fairly satisfactory. Some degree of maturity is essential, and, politically speaking, youth must perforce be a relative term.

## Soviet Economic Frustration

By RAYMOND MOLEY

NEW YORK—Something seems to be going on in the official Soviet economic brains trust. For three years the economic soothsayers over there have been awaiting an American depression which, according to Marx, must come in our capitalistic economy at regular and foreordained intervals. That fact has clearly been shown in various interviews with Stalin, notably the one which was held with Harold Stassen. Disappointment has so far greeted these expectations.

Many circumstances, including our huge armament and foreign-aid programs, have needed us into an inflationary boom. Can it be that the Soviet economic high command now recognizes that Russian perverity has actually been promoting a boom and preventing a depression? And that the best way to injure us is to make conciliatory moves which will induce a reduction in our spending for military purposes?

This bit of speculation has been surveyed in a number of casual conversations among economists of late. It is difficult if not impossible to prove. The best argument for such speculation is the fact that Russian economists, whose minds move in heavy, dogmatic circles, place implicit faith in the power of government to control the economic cycle. In that respect they are like the left-wing economists in this country who, for years, have preached the doctrine that a free economy will always run itself into a cycle of boom and bust, and that only regulated government spending can level off the hills and valleys.

There is no doubt that Russian economists have been very active of late reconsidering their earlier pronouncements and evaluating the effect of world economic developments on Soviet policy. We now learn that the Soviet Institute of Economics is at

work on a new and, of course, official textbook on economics. This will replace a text prepared in 1930 which has been gospel in Russian schools.

Recently, also, we have heard of the recantation by Eugene Varga of views which caused his removal two years ago from the office of Chief of the Institute of World Economics and World Politics. Varga's book, which caused his fall, appeared in 1946. It pointed out various new circumstances and conditions which had resulted from the World War and which would delay or prevent an economic collapse in Western Europe for ten years. This ran sharply counter to the official Soviet view. Varga has now, perhaps under great pressure, revised the opinions in this book. Perhaps also he has been hearing about signs of a slight economic decline in the United States.

We shall no doubt soon hear a lot of Soviet propaganda to the effect that the North Atlantic Pact is proof of the "imperialistic trend in modern capitalism."

In any event, the success of our strategy in the cold war, the prospect of victory in Berlin and the encouraging revival of Western Europe have proved the futility of Soviet policies since the end of the war. Pressure from the Iron Curtain has been met by overwhelming counter-measures. As realistic the rulers of the Kremlin may well be expected to try other tactics.

If those tactics should be moves toward conciliation, we should be ever more alert to see that a depression over here should not come. And the way to prevent that is to keep up all reasonable efforts toward security while making savings in matters which are not related to military expenditures, by squaring government policies with the needs of a free economy.

(Released by Associated Newspapers, Inc.)

## Call It a Day!

(From The Manchester Guardian)

JUNE 12 to 19 is scheduled as "Father's Week" in the United States, and, judging by a copy of "40 More Ways to a Greater Father's Day in '49" (issued by the Father's Day Council of New York), it will be a pretty dull father who does not realize that fact. The pursuit of poor Poppe is to be flung right into the main stream of high-pressure salesmanship. Here are a few of the "40 Ways":

Remember: Father's Day (June 19) gift merchandise includes everything from candy to furniture. Consider every article in your store as gift possibilities.

Set aside a special counter for red roses, official flower for Father's Day. Get attractive high school girls to pin one on every Dad coming into your store.

Donate baby carriage to first man to become father for first time during week preceding Father's Day.

Make announcement in newspaper. Build window display round carriage.

Have your phone operators answer calls with: "Smith and Company... Father's Day is—Days Away."

Alert entire organization for Father's Day. Get movie houses to admit fathers at half-price on Father's Day when accompanied by families... Play up the most unusual Father's Day greeting cards and arrange display around them.

And so it goes from tips on promoting baseball contests to "Capitalize on feminine interest by putting up prizes for best-knitted socks for Dad" or a "How Fast Can You Tie It?" neckwear contest among fathers the day before Father's Day.

The ultimate effect is wholly appalling and would justify any self-effacing father in a decision to stay in bed for the whole of the week June 12 to 19.

## Facts, Fads and Fiction

Governor Stevenson of Illinois vetoed a bill that sought to fine anyone whose cat was found running at large. "It is in the nature of cats," sagely remarked the governor, "to do a certain amount of unescorted roaming."

Because of the quality of the paper, a dollar bill, it is said, will not break or crack no matter how often it is folded. So all that is needed now is something to prevent it from vanishing.

If the potholes aren't going to be filled, wouldn't it be in keeping with the new "City of Gardens" title to plant them with water-lilies and insert a few goldfish?

Dirk Stikker has been appointed Foreign Minister of The Netherlands. It will be interesting to see whether he wears a cloak.

A shipwrecked sailor, who spent three years on a desert island, was overjoyed one day to see a ship drop anchor in the bay. A small boat came ashore and an officer handed the sailor a batch of newspapers. "The captain suggests," he told the

sailor, "that you read the newspapers and see what's going on in the world and then decide whether you want to be rescued."

In some recent playoff hockey games, both junior and senior professional players were pumped with oxygen from tanks, to pep them up. This is much like doping race horses, which is altogether illegal. Repercussions may be expected in the hockey world, too.

—Port Arthur News-Chronicle.

We would pass this on to Ottawa for information if nothing else, because maybe this citizenship business has been overdone. A charming girl walked into a local establishment the other day and asked about a job. A questionnaire was brought out. Her age? Her qualifications? Finally her nationality, "Indian," replied the girl.

Her interrogator thought for a moment. Then she asked: "Wouldn't it be just as well perhaps to ask you're a Canadian?"

"Oh, no," answered the girl. "After all, anyone can be a Canadian!"—Hamilton Spectator.

## Observation

Car: By G. B.

TRAFFIC warning from William Gets: "Somebody's boy was crossing the street, innocent, young and fair. He hadn't the judgment of older folks; he didn't see danger there. Somebody's boy had a song on his lips, but it died in an instant away, for a motorist ran the little boy down, and he died at the close of the day. Somebody kneels at an empty bed, and fondles a little shoe; somebody looks through the empty years; suppose this somebody were you? Will you not watch for the little boys, drivers in city and town. Really, it's one of the greatest crimes to run a little boy down." ... Sausages composed of ground meat, soya flour, yeast, fat, proteins, cereals and spices are being sold in Germany at a standard price of 48 cents per pound, compared with 75 cents for the regular article. Various extracts are used to give the sausages a flavor of fish, poultry, lamb, beef or pork. Artificial milk containing soya flour, malted barley, corn, sugar, wheat and milk powder fortified with vitamins are also on sale. The two products were developed by German scientists under the direction of United States occupation officials. ... "It says in this magazine that garlic is supposed to be good for a cold," Bill, the Broad Street barber, said to Barber Ben. "I should think that garlic would be good for preventing colds. If a person ate it daily, others with colds would keep their distance, and he would be in no danger of receiving any germs." Ben chuckled. ... From the Keating Squire: "The smell of lilac is lovely in the Spring, but I have attained the age when it is impossible to beat the good old Canadian smell of bacon and eggs sizzling on the stove." ... Many persons find it is hard to disagree without being disagreeable.

## The Packsack

OF GREGORY CLARK

B EING somewhat pear-shaped, I have had my anatomy patted, frisked, slapped and pinched by bodyguards and secret service men more than most. My own feeling is that assassins are generally lean, gaunt men. Julius Caesar held somewhat the same view. But bodyguards apparently take nothing for granted. Even at President Roosevelt's funeral, an FBI man made me show him my wallet, my tobacco pouch, the bundle of unanswered letters I carry in my left-hand filing cabinet, and the lighter I was carrying in my overcoat pocket for the convenience of my press photographer.

A man with full pockets is rarely an assassin. It's your empty-pocketed character who goes about mending society.

In early 1944, returned from Italy to get ready for the Normandy invasion, I managed an interview with Dr. Edward Benes, in London. And having an hour to spare before the appointment in the Czech Embassy down back of Buckingham Palace, I visited a fishing tackle store in St. James' Street and picked up a few realities in this world of unreality. One was a black jappanned metal fly box, fitted with tiny clips for holding trout flies in neat rows. Having staid a half hour, I filled the box with trout flies, too. Then I proceeded to the Embassy.

The guard was a heavy, squat, Russian type of Czech, with thick legs, thick arms and a thick head. He helped me off with my topcoat; while doing so he had a pat at my armpits. As I started up the staircase ahead of him, he took a pat at my bustle. Then he detected a heavy object in my side pocket. On the landing, he halted me and took the fly box from me. He opened it. He stared grimly into it. He marched me downstairs to the custody of another guard; while he disappeared within an office. Then the other guard marched me upstairs to Dr. Benes, who smilingly handed me back my fly box, with the remark: "Guards are like that!"

## Today's Answer

Question on Page 3

At temperatures lower than 32 degrees below zero Fahrenheit a mercury thermometer is useless because mercury then freezes into a soft white solid. Alcohol thermometers can be used for temperatures down to 125 degrees below zero Fahrenheit, which is lower than any outdoor temperature ever recorded on the earth's surface.

## Looking Back

Through Colonist Files

25 YEARS AGO—As a means of encouraging local industries, the Industrial Group of the Chamber of Commerce passed a resolution favoring the putting on of an annual Home Products Fair.

50 YEARS AGO—It is said that several residents are considering a scheme to charter a schooner to sail to France, hoping to reach Paris in time for the opening of the Exposition.

85 YEARS AGO—The schooner Goldstream, which has returned from her maiden trip to Nanaimo, reports making the passage up and down in the excellent time of less than five days.

## Letters and Excerpts

Letters to the editor on any topic of general public interest are welcome if they are brief, accurate and fair. No letter will be inserted, in whole or in part, except upon the proper signature and address of the writer. Unpublished correspondence cannot be returned.

## MEMORIAL ARENA

Sir,—Merely as a curious taxpayer and on behalf of many interested readers, I should like to enquire whether the plans for the Memorial Arena were made in the U.S.A. and if so, at what cost and how much payment in customs dues, if any?

RUCOK PETERS.

812 Newport Avenue, Oak Bay, B.C.

## DECORATED TABLE DISPLAY

Sir,—Re above in Empress Hotel ballroom recently. In view of the splendid work of the Jubilee Junior Auxiliary in organizing and staging this very popular feature of "Garden Week," and of the excellence of the material displayed, it is to be hoped that next year the management will be induced to supply more light.

The extra lights installed in the inner lounge made all the difference there; but the twilight effect in the ballroom itself certainly did not do justice to the exhibits, or add to the patrons' appreciation.

OEOFFREY LE GALLAIS.

Robinhurst, Cranmore Road, Oak Bay, B.C.

## "THE HARD WAY"

Sir,—I read with interest the piece "British Socialism, a Cruel Delusion," and note the remarks about the wages—\$22.50 a week. As an English person, out from England, I know that the cost of living, here and in America, is three times as high as in England. And everyone in England does not want a car, when there are good bus services and trains with fares as low as three cents. And half the people that have all the luxuries in America owe for them. And the rents of houses or apartments are not to be compared with England.

And what a remark about the so-called free medicine. If a person pays \$100 a year he is spared all the worry of doctor's bills for his family. Look what we have to pay in Victoria, and it only covers a hospital bed. Many people don't want to go to hospital, but they would like to call in a doctor, but are frightened to because of the cost.

What this American reporter should remember is that England is getting on her feet again, the hard way, and all new schemes fail to work smoothly at first. I am proud of England. I know what we stood up to in the war, and I never hear any Canadians run her down.

(MRS.) F. HOLFORD.

264 Hillside Avenue, Victoria, B.C.

## A REJOINDER

Sir,—After reading "British Socialism Cruel Delusion" by Eugene C. Fulliam, Wednesday 11 May, I would like to point out that British housewives can have anything delivered to their homes.

Does he realize that the cost of living is much higher in America compared with Britain. For example a modern six-roomed house can be rented for four dollars per week.

As for the paper collars, I lived in a working class district in Lancashire, and I have yet to see any one wearing them. Does he understand the pleasure British working families get from filling in football pools with a chance of winning \$200,000 for one penny, and will he give his reason for describing the pools as the national gambling racket of England?

Every man, woman and child in Britain get every conceivable kind of medical treatment for \$50 per year, paid only by adults in full employment.

THOMAS JAMIESON,

British Seaman. M.V. Pacific Shipper, Port Alberni.

## From "Dover Beach"

The Sea of Faith  
Was once, too, at the full, and round earth's  
shores

Lay like the folds of a bright girdle furled.  
But now I only hear  
Its melancholy, long, withdrawing roar,  
Retreating, to the breath  
Of the night-wind, down the vast edges drear  
And naked shingles of the world.

Ah, love, let us be true  
To one another for the world, which seems  
To lie before us like a land of dreams,  
So various, so beautiful, so new,  
Hath really neither joy, nor love, nor light,  
Nor certitude, nor peace, nor help for pain;  
And we are here as on a darkling plain  
Swept with confused alarms of struggle and  
flight,  
Where ignorant armies clash by night.

—MATTHEW ARNOLD.

The parent who could see his boy as he really is, would shake his head and say: "Willie is no good; I'll sell him."

—STEPHEN BUTLER LEACOCK.

## Dockers Quit Unloading At Avonmouth

BRISTOL, England, May 16 (CP)—The dispute between rival seamen's unions in Canada today stopped all waterfront activities at Avonmouth, port of Bristol.

Longshoremen walked off all ships in a general work stoppage. They were protesting against the who earlier in the day had gone aboard the 7,145-ton Canadian freighter, The Montreal City, to start unloading cargo.

The cargo handlers had pledged that they would refuse to work any Canadian-owned ship not manned by members of the Canadian Seamen's Union (T.L.C.). The C.S.U. went on strike March 31 after ship owners in Eastern Canada signed contracts with the rival Seafarers International Union (A.F.I.).

The Montreal City docked here with 6,000 tons of wheat after being partly unloaded at Swansea and Newport. She is scheduled to load automobiles and tractors for the return voyage to Canada.

Up to 4 p.m. some of the Montreal City's cargo had been discharged. A meeting of longshoremen attended by representatives of the Transport and General Workers' Union was still under way.

## Free Groceries on German Farm

On the border of British-Russian sector near Berlin, German farmer was subjected to raid by armed German police from Russian sector who took all his livestock. British M.P.'s who interfered were arrested but later released. Sequel to raid was that farmer, fearing more confiscation, invited everyone—from Western sector, of course—to come and take whatever could be carried away. Here group of eager "guests" dig out root vegetables stored in earth.

## Truman 'Bold Program' To Boost U.S. Markets

Interpreting the News

By J. M. ROBERTS, Jr.  
A.P. Foreign Affairs Analyst

The United States is preparing to launch President Truman's "bold new program" in under-developed areas of the world with 60-odd million dollars which it hopes will prime the pump for a great flow of private capital.

The whole initial program is expected to come to about \$125,000,000, with half put up by the United States and the remainder by other leading members of the United Nations and by the nations in which the work is to be done.

The idea is to prepare the way for private enterprise by starting long-range programs for public health, agriculture, reclamation, flood control, hydro-electric power and the like.

Latin America, the African-Middle East area and the Far East, are to provide leading grounds.

The \$125,000,000 sounds pretty small for a project which it is hoped will produce such far-reaching effects. But this is not an emergency program, although born of the cold war. Its purpose is to expand world markets for better world living conditions, thus cutting the ground from under Communism and at the same time providing a cushion for United States industry as Western Europe approaches its goal of greater self-sufficiency. It is designed to take American capital to the far places of the earth as British capital went a century ago, under a program of mutual benefit. Thus the currently projected program is merely ground-clearing for normal business.

establishment of binding trade ties. With \$6,000,000 from E.C.A. and American know-how, Turkey is developing her fisheries. Six United States passenger-cargo vessels soon will be delivered. United States locomotives pull many trains. New highways are being built with United States machinery. United States farm machinery worth \$11,000,000 is moving in. Important hydro-electric projects are getting under way.

This is Government spending, but Turkey has established new guarantees for foreign private capital. There is no discrimination between domestic and foreign investors, and provision is made for returning the country of both income and assets.

That covers, for Turkey, one of the big snags that must be ironed out in other countries if President Truman's "Point Four" is to have any success.

As Turkish development continues, its effect on mutual trade becomes

apparent. Her tobacco exports to the United States more than doubled in 1948, and her ships are pouring vitally-needed chrome ore into Baltimore.

The country still has millions of acres of agricultural land to be developed, vast iron and coal deposits which have only been scratched, and untapped oilfields. Properly

The Daily Colonist 5

Tuesday, May 17, 1949

exploited, her resources would make her 20,000,000 people an important factor in world purchasing power and take them out of the dangerous "under-developed" classification.

## Oddities

EAST FULTONHAM, O., May 16 (AP)—Big push and a strong pull freed Bill the bull.

That's about all it took Saturday to get the 1,000-pound short-horn out of the 22 by 22-inch hole in the silo where he had been a prisoner since Friday.

"There wasn't anything to it," Farmer John Gorsky remarked modestly. "I don't know what all the fuss was about."

Gorsky planted corn all day Saturday while giving the situation some thought. Then he built a wooden ramp and called in a neighbor for help.

Gorsky pushed, and Thoburn Groff pulled. Bill the bull didn't much care one way or the other. It took just a few minutes to persuade Bill to scamper up the inclined plank and through the opening. The floor of the silo where Bill spent 24 hours was five feet below the opening.

Bill had caused considerable commotion on the farm. He broke away from Gorsky's sister, Lucille, Friday and jumped through the small opening. Nobody knew just why.

ANGELS CAMP, Calif., May 16 (AP)—A Calaveras County frog, fresh out of Angels Creek, won the big jump—just 100 years after the original jump which inspired Mark Twain's literary masterpiece.

His name is "One Fifteen." He sailed 13 feet, six inches yesterday in three hops. He won \$200 for the Bret Harle Frog Jumping Corporation, formed by some Angels Camp High School boys. "One Fifteen" jumped by

## Count Tornado Damage At \$3,000,000 in Texas

AMARILLO, Tex., May 16 (AP)—wheat crop. Only recently, farm experts had forecast a record crop for the Panhandle, that extreme northwest part of Texas which juts upward to Oklahoma and alongside New Mexico.

Eighty-three persons were injured and 350 homes demolished or destroyed by the skipping, howling twister, which mangled 35 blocks in the southern section of this town of 100,000 last night.

Damage to homes alone was estimated at more than \$2,500,000. Manager Shelby Krister of the Tradewinds Airport, where 40 planes were destroyed and 15 damaged, appraised damage there at \$350,000. Other damage—to railroad equipment, public utilities, and the Massey-Harris implement house—was heavy.

Wind-driven rain and bruising hailstones as big as a man's fist accompanied the tornado. Knocked-out telephone lines made it impossible to tell how much loss had been suffered by the Panhandle.

Robert Leonard, went "whirling in the air like a doughnut." Some 5,000 fans watched from a grassy hillside.

Second-place frog was "T.W.A."—just an inch behind "One Fifteen." "T.W.A." landed "as solid as a gub of mud."

## Extractions Painful To Dentists

VANCOUVER, May 16 (CP)—Dental treatment hurts the dentist as much as it does you—when he is in the chair.

This confession came out of the British Columbia Dental Association's convention here. The dentists admitted they are afraid to go to their dentists, even though treatment, as a professional courtesy, doesn't hurt the pocket-book.

One North Vancouver dentist said members of the profession are bad patients, because they know what's going on inside their mouths. Other patients just guess.

He found an easy way out, however. He gave himself an injection and pulled his own tooth.

"It didn't hurt as much," he said. "I didn't have time to feel it."

## Don't be fooled by "The Average Family"!

FACTS AND FIGURES about "the average Canadian family" may lead you to think that most families are pretty much alike.

But of course while families may be similar in some ways, they are different in countless other ways.

Your family, for instance, has its own individual combination of size, ages, income, rent, tax bills, and living expenses. It has its own private plans and dreams, its special needs for life insurance.

That is why the services of your life insurance agent are so necessary. He is trained to analyze your family's needs

and help you meet them with a life insurance plan designed especially for you.

Often it is difficult to decide how much life insurance you should own, or what kind of policy or policies will best meet your needs. But your agent can help you solve these problems. And he knows how to arrange your life insurance to take care of all the money problems that arise in connection with protection and retirement.

Rely on him. More than a million Canadian families have benefited by the experience and advice of the modern life insurance agent!

### A helpful citizen in your community

When your agent sells you life insurance, he also helps to improve your community. For a large part of each life insurance dollar is put to work, through investments, to build schools, bridges, highways, industrial plants and many other projects that create jobs and make for better living.

You share in these improvements, made possible through the efforts of your helpful fellow-citizen—the modern life insurance agent!

## Take Freedom or 'Risks' Minister Tells B.C. Voters

British Columbians will have the choice on June 15 of voting for freedom, prosperity and sound government or the untried experiments of socialism, regimentation and state control, Mines and Municipal Affairs Minister R. C. MacDonald said in a radio speech last night.

"I can tell you this," he declared. "Democracy will not live with compulsion, nor freedom survive socialist regimentation."

**NEED NO AGITATION**

Socialists, he said, have no copyright on reform. Modern governments are alive to the wishes, the needs and rights of the people and they do not need the urgings of "long-haired agitators" to introduce new social welfare measures. But they are vigilant that their social services do not outstrip their income.

He recalled that the British Columbia Government is spending almost one-quarter of its revenues on social services, and warned that the sources of this money, whether under military dictatorship or socialist government, is always the same—it comes from the citizen.

Turning to the record of the Coalition Government in social services, Mr. MacDonald said: "We have built up in British Co-

## Says Ottawa Has Power To Seize Farm Products

LUNenburg, N.S., May 16 (CP).—In one of his most outspoken speeches since the start of the federal election campaign, George Drew, Progressive Conservative leader, charged Monday that the present Government has power to seize farm products and to nationalize the steel and lumber industries.

In a speech before the Government there was power to go on farms and take products on terms fixed by the Government. There was power to take complete control of the steel and lumber industries.

"Don't tell us that they won't use them," he said. "They will use them if the long-haired boys in their ivory towers get to the point where they believe that they should be used in that way."

**TRADE RESTRICTIONS**

The Government had stated the Foreign Exchange Control Act would not be used to restrict trade. The Government went ahead and used it to enforce the restrictions on trade with the United States.

## St. Laurent Says Drew Self-Appointed 'Saviour'

CHARLOTTETOWN, May 16 (CP).—Prime Minister St. Laurent tonight termed George Drew, national leader of the Progressive Conservatives, the "self-appointed savior of Confederation."

"I don't think many Canadians are going to believe that the government which was responsible for completing Confederation is trying to destroy or even weaken it," added Mr. St. Laurent.

In this island capital and cradle of Canadian union, he replied to an address here last week by Mr. Drew who assailed the Liberal Government for alleged centralization of power and proclaimed a "fight to save Confederation."

**EXPRESSES DOUBT**

Mr. St. Laurent recalled that Newfoundland's entry completed Confederation and he doubted that the Maritimes "were much impressed by this self-appointed savior of Confederation."

"All this talk about centralization and provincial rights is completely without foundation... I have three times challenged anyone to give a

## C.C.F. Program

### Not 'Wishful' Asserts Winch

LAKE COWICHAN, May 16.—"There is nothing which we present in this provincial election which can be deemed wishful thinking," Harold Winch, provincial leader of the C.C.F., told an enthusiastic meeting held at Lake Cowichan over the week-end. Mr. Winch said everything which appeared in the C.C.F. program, the C.C.F. could and would do in its first term of office.

Highways, he said, would be taken out of politics.

Bill 96, Mr. Winch described as "the most despicable piece of legislation ever passed anywhere in the British Commonwealth of Nations." This bill gave the Cabinet the power to grant to a private company the natural resources necessary in the aluminum industry, he stated.

### LAUDS C.C.F. REGIME

Mr. Winch praised the Government in Saskatchewan.

Under the C.C.F., he said, Parliament would be used as an instrument to solve the problems of man. Also addressing the meeting was Sam Guthrie, C.C.F. candidate seeking re-election in the Cowichan-Newcastle riding.

Mr. Guthrie said the roads were in an appalling state. He then compared the state health insurance in Britain and New Zealand with the British Columbia Hospital Act.

Langley 'Moodell, vice-president of the Port Alberni Ratepayers' Association, will run as an Independent candidate in the Alberni riding during the Provincial election campaign. He is a native of Newfoundland.

### NOMINATE FARMER

SALMON ARM, B.C., May 16 (CP).—G. V. Larson, Tappen, B.C. farmer, was named C.C.F. candidate for Kamloops constituency in the June 27 Federal election at a nominating convention here Sunday.

A Liberal nominating convention will be held at Kamloops Wednesday.

### SEEKS RE-ELECTION

CHICOUTIMI, Que., May 16 (CP).—Paul Edmond Gagnon, Independent, who represented Chicoutimi County in the last House of Commons, will again contest the seat in the June 27 Federal election.

### LIBERAL CANDIDATE

ST. GABRIEL DE BRANDON,

Que., May 16 (CP).—Joseph Langlois, 40, of St. Justin, was chosen at a week-end convention as Liberal candidate in the Berthier-Mackinac constituency in the June 27 Federal election. Dr. Alderic Laurendeau, Liberal, who held the seat in the House of Commons, is retiring.

### P.C. CANDIDATE

MONTREAL, May 16 (CP).—Nomination of Leon Balcer of Three Rivers, Que., as Progressive Con-

servative candidate in the June 27 Federal election, was announced here yesterday.

QUEBEC, May 16 (CP).—George Drew, national leader of the Progressive Conservative Party, will open his election campaign in Quebec Province at Mont Joli, May 20, it was announced today. Mont Joli is on the south shore of the St. Lawrence River, about 200 miles below Quebec City.

# Delegates From B.C., Points in U.S., To Open Legion Parley Next Week

Between 300 and 400 delegates from all parts of British Columbia and from Canadian branches in Washington and Oregon will attend the provincial convention of the Canadian Legion, B.C.E.L., to be held in Victoria next week.

The convention will begin Sunday with a parade to the Cenotaph.

Speakers will include Lieutenant-Governor C. A. Banks, Premier Byron Johnson and Mayor F. E. George.

## TO GIVE ADDRESS

Invocation address will be delivered by Rev. G. A. Reynolds. Also in attendance at the convention will be Brig. W. O. H. Roaf, D.V.A. representative for British Columbia; T. D. Anderson, acting general secretary, Dominion Command, Canadian Legion, and Carl Heckbert, president, Alberta command.

Business sessions will commence at 9 a.m. Monday in the auditorium of the Britannia Branch.

Among the more than 300 resolutions to be submitted will be proposals for increased war veterans' allowances, increased basic rates of pensions to widows and orphans of both wars, extension of certain types of hospital treatment to veterans of the World War as well as the Great War, a plebiscite to legalize sweepstakes and increased allowances on a cost-of-living basis for student veterans.

Whole of Crystal Garden will be turned over to the Legion Monday for an evening of dancing and swimming commencing at 8 p.m.

Delegates, all Legion members and members of ladies' auxiliaries are invited.

Business sessions will continue throughout Tuesday, at 9 a.m., 2 p.m. and 8 p.m.

Election of officers will take place at 2 p.m. Wednesday. The convention will conclude with a banquet at the Empress Hotel at 7 p.m. the same day.

## SAME DISTANCE

Span San Antonio on the western tip of Cuba is as far from Port of Spain, Trinidad, as New York is from London.

## Prominent City Resident, Mrs. H. S. Sampson Dies

Mrs. Harriet Susan Sampson, one of Victoria's most prominent citizens and a link with its early history, died suddenly Sunday at her residence "Molton Combe," 1003 Newport Avenue.

She was the youngest daughter of the late Hon. Joseph Despard Pemberton and Mrs. Pemberton and widow of William Curtis Sampson. Mrs. Sampson was born here in 1871, her father being first colonial surveyor and engineer for the Hudson's Bay Company. He arrived here in 1851.

## MAIN INTEREST

Mrs. Sampson's main interest probably was the I.O.G.E. as she had been president of the Provincial Chapter and was a life member of the Provincial and Dominion Chapters.

She was a former treasurer and for six years, regent of the Victoria Chapter of which she was a life member. Mrs. Sampson founded the Gonzales Chapter.

Director of the Queen Alexandra Solarium and a past president, she had maintained a keen interest in the Mill Bay organization since its inception.

She was an honorary president of the local association of Girl Guides and had been president of the British Columbia Historical Association and chairman of the Victoria branch of the National Council of Education.

## ACTIVE V.A.D. WORKER

During the Great War she was an active V.A.D. worker and during the World War was convener of War Services. Later she was in charge of Postwar Services of the Gonzales Chapter.

Her lovely home and beautiful gardens were frequently the scene

## Awards Announced For Esquimalt Day

A special meeting of the Esquimalt Celebrations Committee it was decided to make special major awards to 12 persons for their efforts in making the event a success.

Awards will be made to Elizabeth Marshall, Jack Waters, W. H. Jennings, Mrs. A. Backrud, B. J. Brown, J. McKnight, Mrs. F. Finerty, Mrs. C. McShaw, M. Dobson, Mrs. C. Little, Mrs. T. Johnson and F. Cunningham.

Other recipients of awards will be notified by the committee during the week.

## Concert Draws Tiny Audience

Pamela Newton is a Victoria girl, a talented coloratura soprano, who won a musical scholarship and went to study at Trinity College, London, better than a year ago.

It is reported that she has done well enough to be chosen as her teacher's star pupil and to appear in the college's annual recital concert.

Her expenses, above musical tuition, have been mainly raised by a concert in Victoria High School to raise funds to further Miss Newton's singing career.

Only a tiny audience attended what turned out to be a stellar presentation by the Victoria Philharmonic Orchestra under Robert Beasant, assisted by the Victoria High School girls' choral group.

The Daily Colonist Tuesday, May 17, 1949 7

## TWINS' Mother Says

"NEOLITE WAS AN EASY WINNER!"

At Goodyear's request, Mrs. S. M. Marrs, 139 Boyton Rd. Toronto, made the "Twin-Test". Bill (left) had NEOLITE soles; Bob wore shoes with leather soles. Photograph has low shows results.

The two active Marrs youngsters romped and played together all day long. Like other normal boys, they gave their shoes plenty of punishment—until Bob's leather-soled shoes had holes in them. But not Bill's NEOLITE-soled shoes still had plenty of wear left in them after the test! Yes, it's a proven fact—NEOLITE soles far outwear the roughest leather.

Start cutting family new shoe and repair bills with NEOLITE soles—right now! They're waterproof, healthful, gloriously comfortable!

Unretouched photograph taken after the twin-test shows holes worn in the leather soles of Bob's shoes. Bill's shoes got just the same amount of wear as Bob's, but his NEOLITE soles are still in good condition.

## Technical-Vocational School First of 14 Projects Finished

First of 14 projects undertaken by the Greater Victoria School Board to improve educational facilities in this area has been completed. J. F. K. English, senior municipal inspector of schools for Greater Victoria, said yesterday that the technical-vocational building on the Victoria High School grounds is now finished and ready for occupancy.

Bright and modern in every respect, this fireproof reinforced concrete structure will be formally opened early in September.

"It is a fine building and a credit to School District 61," Mr. English said.

## FIRST MAJOR STEP

"Built to serve all Greater Victoria, the technical-vocational unit is the first major step in our school-building program," continued Mr. English. "Two other projects must be initiated soon. The need for more classroom space in our elementary schools is becoming more

acute each month. More than 400 additional pupils have crowded into our schools this year—this unexpected increase has put a tremendous strain on buildings which in many cases were old and already overcrowded."

Because of this urgent need, the Greater Victoria board has called for bids on the immediate construction of Topaz Avenue Junior High and View Royal Elementary Schools.

These buildings will relieve elementary schools in areas where the population has increased tremendously in the past few years and will partly help the congested situation at Mount View High School.

## BIDS RECEIVED

Firm bids have been received on these projects and a by-law to provide an additional \$180,000 to undertake their construction will be submitted to the ratepayers of Victoria City and View Royal on May 26, and in Saanich, Oak Bay and Esquimalt on May 28.

During the Great War she was an active V.A.D. worker and during the World War was convener of War Services. Later she was in charge of Postwar Services of the Gonzales Chapter.

Her lovely home and beautiful gardens were frequently the scene

## To Build Hall

LANGFORD, May 16. — Ladies' Auxiliary to the Langford Volunteer Fire Department will hold a rummage sale in Langford Community Hall at 7:30 p.m., Wednesday. Proceeds will be devoted to the fund for construction of a new fire hall.

## SPEED TO BURN

Naturalists say cheetahs, which resemble leopards, have been noted traveling 70 miles an hour.

# NOW! THE MOST POWERFUL GASOLINE YOUR CAR CAN USE!

## "Activated" SHELL PREMIUM

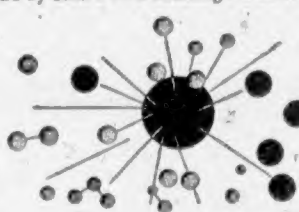

... Improves your car's performance 4 ways under all driving conditions!

1. Activated for knockless power! Pulling in low gear or travelling at full throttle, Shell Premium delivers full, quiet power!
2. Activated for fast "get away." Shell Premium delivers the extra power you can feel—no "balking," no "stuttering"—you go!
3. Activated for quicker warm-up! Shell Premium brings your motor to a fully warmed-up condition up to 30% faster!
4. Activated for full mileage. Shell engineers "Balance" Shell Premium so that every drop of fuel goes to work for you!

At Shellburn we split molecules to get extra molecular energy!

The most powerful gasoline... yes! the most powerful... that your car can use. Made here in British Columbia at Shell's up-to-the-minute Refinery at Shellburn! No other brand of gasoline can do more in the engine of your car than "Activated" Shell Premium.

This is made possible by Shell's own, specially produced power components and by Shell's own blending methods.

Activation makes the difference!

Above is a simplified molecule of Shell Gasoline after being split by Shell's own refining processes to give you extra molecular energy... so give you extra performance in your car.

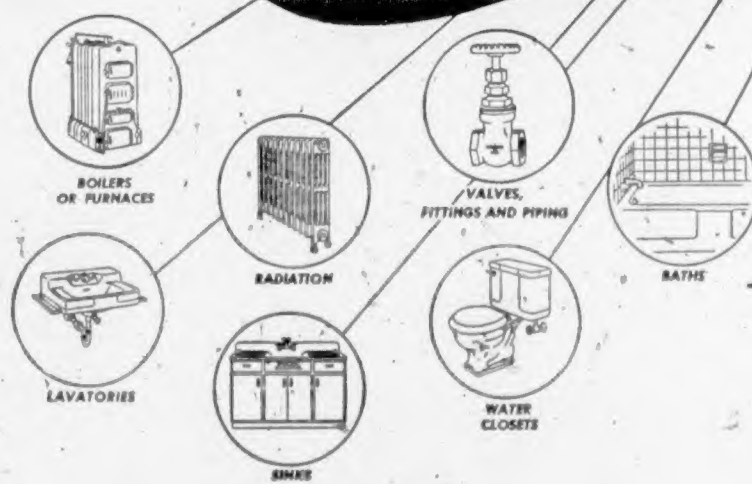

When you use "Activated" Shell Premium, every drop of fuel goes to work for you... more power, quicker get-away, full mileage, faster warm-up.

NATION-WIDE SERVICE THROUGH BRANCHES, WHOLESALERS and PLUMBING AND HEATING CONTRACTORS

Following commissioning ceremony of the frigate H.M.C.S. Beacon Hill yesterday, a reception was held on the quarterdeck for naval and civil officials. Above, left to right: Commander M. E. Doyle, R.C.N., secretary to the Flag Officer, Pacific Coast; Mrs. H. G. DeWolf, and Captain R. A. Wright, O.B.E., R.C.N., Command Supply Officer for the Pacific Coast Naval Command.

Miss Hilda Hesson, National Director, Women's Progressive Conservative Association, was honored at a luncheon given by the Victoria Women's Association at Loughheed's Banquet Hall yesterday. Following the luncheon, Miss Hesson addressed the group. Pictured from left to right are Mrs. H. T. Goodland, Mrs. Herbert Anson, Miss Hesson, Mrs. R. D. Harvey (president of the association), Mrs. G. R. Peakes and Mrs. Gordon Cameron.

## Growth of Women's Conservative Groups Amazing, Says Miss Hesson

Bringing a message which she described as a ringing challenge, Miss Hilda Hesson, National Director, Women's Progressive Conservative Association, told the guests at the luncheon given in her honor by the Victoria association, of the amazing growth of the association across the country.

Women's groups are literally springing up in all parts of Canada, she cited instances in Nova Scotia where a few years ago there were none at all and where today there are 30 active organizations.

Nova Scotia is the greatest example of the part women are taking in politics as compared to their inactivity a short time ago, she said.

In Pictou County, Miss Hesson stated that seven women attended the organization meeting and within less than a year there were 100 active members of the association.

"Every man who worked in the Digby-Annapolis-Kings by-election will tell you that the women were responsible for the election of the Progressive Conservative candidate," Miss Hesson said.

In Alberta also, Miss Hesson told of the growth of the association. Formerly there were only two groups, one in Calgary and the other in Edmonton and today there are 10 active groups. The Lethbridge association which was formed only a few months ago now has a membership of 100.

Miss Hesson urged the members, in view of the coming election, to gain the support of every single individual. The reservoir of new votes is from among the women who do not use their franchise, she explained.

Mrs. Robert D. Harvey, president, introduced the speaker and presented her with an orchid from Mrs. George Black, O.B.E., who was unable to attend. Mrs. C. H. Smith also presented Miss Hesson with a nosegay from members of the association.

Mrs. Harvey also introduced Mrs. and Mrs. B. O. Notsel of Vancouver were guests this week on Vancouver Island, making their headquarters at Island Hall, Parksville, while they toured the scenic attractions.

## Clubs and Societies

Sir Matthew Baillie Budge, Chapter, I.O.D.E., will meet on Friday at 2:30 p.m. at headquarters.

Tolmie P.T.A. will meet in the school auditorium this evening at 8 o'clock.

Esquimalt United Church W.A. will hold a bazaar on Saturday, May 21, commencing at 9 a.m. at 1234 Government Street.

The Quota Club monthly dinner meeting will be held in the Business and Professional Women's clubrooms this evening at 8 o'clock.

The Victoria Women's Progressive Conservative Association will meet on Thursday at 2:30 p.m. at the new headquarters, Johnson and Broad Streets.

Members of the Open Door Spiritualist Church will hold a silver tea with readings on Wednesday afternoon in the church hall, 1600 Cook Street, from 2 till 5 p.m. There will also be a table of home cooking.

Oaklands P.T.A. will hold a dance in the Oaklands School auditorium on May 25. Dancing will be from 9 to 12 to Len Acres' Orchestra. All members of P.T.A. Associations are invited. Mrs. C. A. Price is general convener and members of the committee are Mr. and Mrs. J. Tippett and Mr. and Mrs. C. Sluggitt.

At a meeting of the Native Daughters of B.C., Post No. 3, Mrs. M. Currie, newly-elected chief factor, was presented with a bouquet by Mrs. E. Corbett. A social will be held at the home of Mrs. D. B. Nickerson, 1222 Vimy Street, on Thursday, May 26.

## Men to Act As Hosts at Novel Tea

On Wednesday, May 18, men of the Metropolitan Couples Club will act as hosts to the general public at a tea to be held in the Metropolitan Sunday school from 2:30 to 5 p.m. Rev. A. E. Whitehouse, Mr. Henry Bird, president, and Mrs. Barry Collob, will receive the guests. Mayor Percy E. George, Mr. H. J. Pendray, Major D. L. McEand and Dr. D. M. Whitley are among those who will preside at the urns. The men of the Couples Club will serve.

The ladies of the club are in charge of decorations and will supervise in the kitchen.

## Galano P.T.A. Tea Nets \$48

GALIANO, May 18.—Galano P.T.A. held a Spring Tea at Galano Lodge, home of Mrs. Fred Rowan, on Wednesday afternoon, at which the sum of \$48 was realized.

During the afternoon Miss Natalie Minniss, Vancouver soprano, sang "Tempo Passato Festa de Piedegrotto," "Greensleeves," and "Ma Fille Vieux-to Un Bouquet," accompanied at the piano by Mrs. A. Schoones.

Mr. Fred Weaver played piano selections while tea was being served.

## Social and Personal

Miss Dorothea Hertzberg, whose marriage to Mr. William Edward Duggan Gray is to take place on Monday, will be honored at a luncheon to be given by Mrs. E. P. Gillespie at the Royal Victoria Golf Club on Thursday. Covers will be laid for eight. On Saturday evening, Col. J. P. Fell of Vancouver, entertained at a dinner party in honor of Miss Hertzberg, and last Wednesday she was the guest of honor at a shower given by her sister, Mrs. R. J. Nation, at the home of her parents, Gen. H. F. H. Hertzberg and Mrs. Hertzberg, 454 Newport Avenue.

Mrs. H. C. Winch and Mrs. R. P. Winch, of Vancouver, were holiday visitors at Island Hall, Parksville, this week.

Mrs. C. C. Annett is visiting relatives and friends on the Prairies and in Ontario and will be absent from the city for two months.

Mrs. Rene Lindgren, who has been spending several weeks at Windsor Auto Court, left for Shawinigan Lake yesterday. She expects to return to Victoria in two weeks.

Mrs. A. Muir is returning to her home in Vancouver today after spending several days in the city with her brother-in-law and sister, Mr. and Mrs. C. S. Gonnason, 830 Dallas Road.

Early season visitors from across the line to Island Hall, Parksville, were Mr. and Mrs. J. E. Bacchus, of Aberdeen, Wash. The Rotar's convention in Victoria brought them to the island.

Mr. and Mrs. Norman Turner, 34 Howe Street, have returned from Vancouver after attending the graduation ceremonies at the University of British Columbia where their daughter, Norma, received her bachelor of commerce degree.

Mr. G. A. McNamara, of Montreal, vice-president of the Canadian Pacific Railway, was a guest at Island Hall, Parksville, this week. In Mr. McNamara's party were Mr. H. Arkie, assistant freight traffic manager, of Winnipeg; Mr. E. M. Fetterley, assistant freight traffic manager, of Vancouver, and Mr. C. F. Armistead, district freight agent, of Victoria.

Honoring Miss Dorothy Duckitt, whose marriage to Mr. George Gower will take place on May 21, Miss Doreen Taylor entertained at her home at a miscellaneous shower. Corsages were presented to the honor guest, also to her mother, Mrs. G. Duckitt, and Mrs. W. Gower, mother of the groom-elect. Guests were Mrs. S. W. Taylor, Mrs. Sydney Rushton, Mrs. Alex Kilpatrick, Mrs. William Skipper, Mrs. Thomas Duckitt and Misses Darlene Woodburn, Doreen Nute, Margaret Baker, Margaret Walker and Betty Russell.

A miscellaneous shower honoring Miss Norrie Minnis, a bride-elect of this month, was given recently by Mrs. C. L. Andrew and Mrs. J. Vigers at the home of the latter, 2229 Doncaster Drive. Little Bobby Vigers presented the guest of honor and her grandmother, Mrs. J. Minnis, with corsage bouquets. Mrs. Mary McBride poured tea and Mrs. E. Minnis assisted in serving. The guests were Mrs. D. Wyber, Mrs. J. McMillan, Mrs. E. Minnis, Mrs. M.

Webster, Mrs. W. E. McLean, Mrs. H. Drury, Mrs. N. Baer, Mrs. W. Bradley, Mrs. E. Raper, Mrs. J. Price, Mrs. S. Brooks, Vancouver; Mrs. E. Rix, Mrs. H. Rogerson, Mrs. A. Raper, Mrs. E. Cornwall, Mrs. M. Sturgeon, Mrs. D. Muir, Mrs. G. McCormick, Mrs. M. Sinclair, Mrs. O. Solheim, Mrs. P. Wetherpoon, Mrs. B. Lavoie, Mrs. J. Jackson and Misses June Rossen, Connie Brown, Marjorie Denman, Joann Severon, Doreen Drury, Beverly Bacon and Isabel Raper.

Stevenson, Mrs. P. Mikitka, Mrs. H. Wakelin, Mrs. W. Griffin, Mrs. H. McIntyre, Mrs. W. Harrison, Mrs. J. Minnis.

Miss Dorothy Luskitt, May bride-elect, was guest of honor at a miscellaneous shower given on Saturday by Mrs. J. W. Gower and Miss Emma Gower at the home of the former, 310 Oswego Street. A small bag containing the gifts was presented by Billy and Ronnie Gower, nephews of the prospective groom.

Guests were Mrs. B. Bool, Mrs. A. Bruce, Mrs. G. Duckitt, Mrs. J. Fairbank, Mrs. B. Gillie, Mrs. L. Gower, Mrs. L. E. Gower, Mrs. J. Leask, Mrs. E. Lee, Mrs. J. McKinnon, Mrs. J. H. Stubbs, Mrs. R. Thorburn, Sr., Mrs. R. Thorburn, Jr., Mrs. S. Wilkinson and Misses Joan Gower, Gwen Gillie, Rachel Hull and Mary Stubbs.

Sunday afternoon, Miss Joan Gonnason entertained at a handkerchief shower in honor of Miss Marion Griffin and Miss Peggy Lou Parker who, after being together at high school, college and as nurses-in-training, have chosen Saturday, May 21, as their wedding day. Separate novelty baskets decorated with posies of violas and rosebuds held the gifts. Mrs. A. Muir, aunt of the hostess, presided at the prettily-arranged table. The guests were Misses Margaret McIntyre, Barbara Kirby, Pat Henderson, Gerry Kennedy, Margaret Creasy, Diane Cox, Marion Matches, Edith Beutelspacher, Geraldine Miles, Doreen, Fetherstonhaugh, Ruth Gray, Bernice Fawcett, Dorothy Wills, Adele Gould, U. Ann Armstrong, Mary Gill and Diane Armstrong.

Miss Dorothy Jasper was hostess at the home of her mother, Mrs. H. Drury, 3096 Cedar Hill Road, at a miscellaneous shower in honor of Miss Lois Webster, a June bride-elect. A container decorated in pale yellow and green and filled with pretty gifts, accompanied by a red rosebud corsage were presented to the guest of honor, while her mother and the mother of the groom-elect also received floral tokens. The guests were Mrs. A. J.

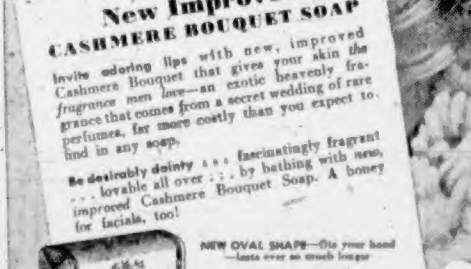

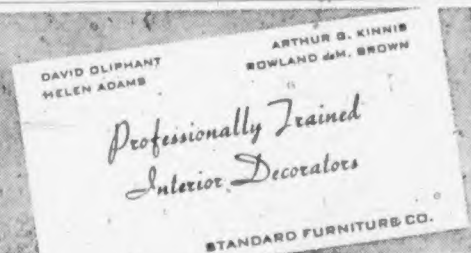

A miscellaneous shower honoring Miss Norrie Minnis, a bride-elect of this month, was given recently by Mrs. C. L. Andrew and Mrs. J. Vigers at the home of the latter, 2229 Doncaster Drive. Little Bobby Vigers presented the guest of honor and her grandmother, Mrs. J. Minnis, with corsage bouquets. Mrs. Mary McBride poured tea and Mrs. E. Minnis assisted in serving. The guests were Mrs. D. Wyber, Mrs. J. McMillan, Mrs. E. Minnis, Mrs. M.

ANOTHER DOMINION CORSET CREATION

# This Week's Menu Suggestions

## TUESDAY

**Breakfast:**—Baked bananas, brown cereal, light cream, soft boiled eggs, bacon, toast, orange marmalade, coffee.

**Luncheon:**—Vegetable casserole, biscuit topping, fruit salad, cookies, tea.

**Dinner:**—Baked sparrows, sauerkraut, boiled potatoes, green beans, lettuce, Russian dressing, yeast nut bread pudding, coffee.

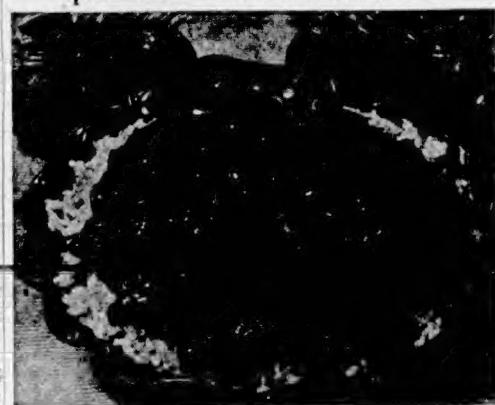

**Dinner:**—Tomato Juice, Baked stuffed haddock, egg sauce, baked potatoes, spinach, tomato salad, French dressing, pineapple pie, coffee.

**LEMON TARTS**  
Tart Shells—Two cups of flour, 2 teaspoons baking powder, 1 teaspoon salt, nearly a cup of lard, white of an egg beaten stiff. Add a little water, if needed, roll out and bake on pans. Prick with fork and bake in quick oven.

**Luncheon:**—Welsh rabbit on toast, egg sauce, sweet pickles, orange sprouts, cake, tea.

**Dinner:**—Tomato juice, liver and onions, Lyonnais potatoes, spinach, carrot and cabbage salad, French dressing, floating island, coffee.

**WELSH RABBIT ON TOASTED CRACKERS**—One-fourth pound cheese, 1 tablespoon butter, 1/2 cup cream, a small teaspoon mustard, a little red or black pepper and 1

Swift way to make a flavorful main course dish is to simmer browned onions and green pepper in a canful of condensed cream of tomato soup. It's savory and sumptuous served on rice!

Perennial star of the vegetable bin is the onion. Other vegetables have a brilliant summer season; then are forgotten. But the onion is a long-time favorite that lasts throughout the year. As a seasoning it has no peer. But as a dish itself the onion also has great merit. Try this, for instance:

Put 1/2 medium-sized onions in a pan and slice 1 green pepper (if desired) in strips. Fry gently until tender in 1/4 cup of butter or margarine. To this add a 10-ounce can of cream of tomato soup—the condensed kind—and 1/2 teaspoonful of salt. Heat in the frying pan until the soup and onion have given the best of themselves to each other. Serve over a mound of fluffy cooked rice, with crisp salad and hot rolls.

## New Chapter Joins P.E.O. Sisterhood

The organization of Chapter A1, P.E.O. Sisterhood, was held at the Y.W.C.A. Wednesday afternoon at which Mrs. Mae Campbell, organizer of Provincial Chapter, presided and addressed the members of the new chapter which was sponsored by Chapter K.

During the afternoon Mrs. Lily Wilson sang "Oh, Bother, Sang the Thrush," and "Shoes." Mrs. Katherine Conyers was accompanist.

A profusion of Spring flowers decorated the lounge and the table was set with an arrangement of pink and American Beauty tulips and lily of the valley, crystal candelabra and ivory tapers. Mrs. Johns and Mrs. English presided at the urns.

Mrs. Thomas Johns, president of Provincial Chapter, in extending her greetings, welcomed the members into the Sisterhood and expressed the hope they would enjoy the associations found within the organization.

Greetings were extended by Mrs. Lillian Munro and Mrs. Clara Chubb who assisted with the organization. Mrs. Rita English, past provincial president, Dr. Olga Jardine, president council, and presidents of local chapters.

**2 HEADS ARE BETTER THAN ONE WHEN IT COMES TO A REALLY STYLISH HAIRCUT**

**Bergin**  
Hours for Permanent The Ruff 10

Have Your Elegant Expert Appearance From the **La France Beauty Salon**  
614 VIEW STREET

**VEGETABLE CASSEROLE**—One cup diced potatoes, 1 cup carrots, 1 cup corn, 1 medium-sized onion, 2 cups medium white sauce, salt, pepper and butter. Arrange layer of each of the vegetables in a baking dish, salt and pepper; repeat. Cover with white sauce and thick layer of buttered crumbs. Bake in moderate oven 1/2 to 1 hour. Any combination of vegetables may be used to use up leftovers.

**COCONUT BREAD PUDDING**—Soak three slices of bread in a pint of milk. Add yolks of 2 eggs, 1/2 cup coconut, 1/2 cup sugar and 1 teaspoon lemon. Bake 1/2 hour. When cool, cover with a meringue made of stiffly beaten whites and 2 teaspoons sugar. Put back in oven to brown. Top each serving with a teaspoon of any bright colored jelly.

**FLOATING ISLANDS**—Put 1 pint of milk on to scald. Beat yolks of 2 eggs, 3 tablespoons of sugar, 6 tablespoons of cornstarch, wet with a little cold water, mix together, and add milk. Stir well and keep from lumping. When it begins to thicken, turn into a glass dish and add 1 teaspoon of vanilla. Put some water in a spider, or a deep pan and let it come to a boil. Heat the egg whites until they are stiff, then put a spoonful at a time into the boiling water until there is all that can be cooked at a time. A few seconds will cook them enough. Do not turn. Remove them with a skimmer and lay them carefully on the float. Pieces of bright colored jelly placed on the islands make them more attractive.

**WEDNESDAY**  
**Breakfast:**—Orange juice, ready-to-eat cereal, top milk, scrambled eggs, currant jelly, doughnuts, coffee.

**Luncheon:**—Vegetable soup, croquettes, Waldorf salad, mayonnaise, Boston cream pie, tea.

**Dinner:**—Tomato soup, liver and bacon, milk gravy, scalloped potatoes, cauliflower au gratin, carrot and cabbage salad, orange cup pudding, coffee.

**FRENCH DRESSING**—One-half teaspoon salt, 1 small garlic clove, 1/4 teaspoon freshly-ground black pepper, 1/4 teaspoon sugar, 1/4 teaspoon dry mustard, 1/4 teaspoon paprika, 1/4 teaspoon Worcestershire sauce, 1 scallion including green top finely chopped, 2 tablespoons vinegar, 6 tablespoons salad oil.

**RAISIN CUP CAKES**—Four tablespoons shortening, 1 cup sugar, 1 egg, 2-3 cup milk, 1 1/2 cup flour, 3 teaspoons baking powder, 1/4 teaspoon salt, 1 cup raisins, 1 teaspoon vanilla. Cream butter, sugar, add egg and milk, flour, baking powder and salt, sifted together, raisins and vanilla. Drop in greased pans and bake in hot oven, 15 or 20 minutes. Makes one dozen. Sprinkle with powdered sugar if you have it.

**BOSTON CREAM PIE**—Four tablespoons butter, 1/2 cup sugar, 1/4 teaspoon salt, 2 eggs, 1/4 cup milk, 1 teaspoon vanilla, 1 1/2 cups pastry flour, 2 teaspoons baking powder. Cream butter and sugar. Add rest of ingredients and beat 2 minutes. Pour into shallow pan which has been lined with wax paper. The better should be about one-third inch thick, so select pan accordingly. Bake 15 minutes in moderate oven. Cut in half. On one half place filling. Cover with other half and spread with chocolate frosting.

**ORANGE CUP PUDDING**—Pour 1 cup of hot milk over 2 cups dry whole-wheat bread crumbs. When cold add beaten yolks of 2 eggs, 1/4 teaspoon salt and juice and grated rind of 1 orange. Mix thoroughly and fold in stiffly beaten whites. Butter baking cups, put 1 tablespoon orange marmalade in each; fill two-thirds full with pudding mixture and steam 30 minutes. Turn from cups and serve with hard sauce.

**TAPIOCA CUSTARD**—One-third cup quick cooking tapioca, 1-1/2 cup sugar, a bit of salt, 2 1/2 cups milk. Cook in double boiler 8 or 10 minutes. Beat 2 whole eggs or 3 egg yolks well, pour on them a small quantity of the hot mixture, then turn into double boiler slowly and cook until spoon is coated. Flavor with 2 or 3 drops of almond (or vanilla). Cool, pour into sherbet glasses and sprinkle generously with crumbled macaroons.

**THURSDAY**  
**Breakfast:**—Pineapple juice, wheat cereal, cream, scrambled eggs, raisin toast, coffee.

**Luncheon:**—Asparagus on toast, Hollandaise sauce, stewed rhubarb, sugar cookies, tea.

**Dinner:**—Cream of tomato soup, stuffed peppers, scalloped potatoes, green beans, pear salad, cream dressing, Irish moss pudding with crushed strawberries, coffee.

**HOLLANDAISE SAUCE**—One-half cup fortified margarine, 2 eggs yolks, 1 tablespoon vinegar or lemon juice, 1-8 cup boiling water, 1/4 to 1/2 teaspoon dry mustard. Divide the margarine in three parts. Place water in the bottom part of a double boiler and put 1-3 of the margarine, the egg yolks and vinegar or lemon juice in the upper part. Keep the heat under the boiler low so that the sauce will not cook too rapidly. Stir constantly until margarine is melted. Add the second portion of margarine and continue cooking and stirring. As the sauce thickens add the remaining margarine and cook until it is thick. Add boiling water, salt, pepper and mustard gradually and cook about 1 minute. It must be watched carefully and cooked slowly to prevent curdling. If it does, add gradually 1 to 2 tablespoons of cream, beating thoroughly.

**LADY BALTIMORE CAKE**  
Beat 1/2 cup butter and 2 cups sugar to a cream. Add 1/2 cup sweet milk, stirring steadily. Sift together 3 teaspoons baking powder and 2 1/2 cups of flour. Stir the flour into the sugar, butter and milk and beat until smooth. Beat the whites of 8 eggs to a stiff, dry froth. Fold these carefully into the mixture, adding a few drops of almond extract. Bake in 3 greased layer cake tins in a moderately quick oven.

**FRIDAY**  
**Breakfast:**—Stewed prunes, wheat cereal, top milk, griddle cakes, syrup, coffee.

**Luncheon:**—Creamed salt fish on toast, lemon tart, tea.

**MONDAY**  
**Breakfast:**—Grapefruit halves, rolled oats, light cream, pancakes, syrup, coffee.

## Graduates of St. Joseph's Receive Diplomas and Awards

Nurses in crisp white uniforms, graduates of St. Joseph's Hospital, received their diplomas from Mayor Percy E. George at the commencement exercises held in the Royal Theatre Sunday evening.

Dr. G. F. Ayward, member of the hospital medical advisory board presented the graduates and Sister Superior and Sister Mary Patrick conferred the medals.

Miss Audrey Nicholson, of Duncan, gave the valedictory address and also received the prize for the student showing qualities of leadership presented by Victoria Chapter, Registered Nurses' Association of British Columbia.

Other awards were as follows: Bursary of \$100 for highest average by a St. Joseph's nurse in provincial examinations, presented by St. Joseph's Alumnae, of Victoria, Miss Margaret Leduc, of Victoria.

Bursary of \$50 for faithful observance of the school motto, presented by Victoria Liberal Women's Forum, equally merited by Audrey Nicholson, Jenny Palmer, of Nanaimo, Peggy Woodhouse, of Victoria, drawn by Audrey Nicholson.

Mrs. Angus Campbell bursary for most efficient clinical nurse in graduating class, equally merited by Audrey Nicholson, Peggy Woodhouse, Anne Deas, of Shawnigan Lake, Gloria Myles, of Chemainus, drawn by Ann Deas.

For highest average in examinations in the three-year course, bursary of \$50 presented by St. Joseph's Hospital Ladies' Auxiliary, won by Sister Mary Bernadette, of Victoria, who chose to let it lapse in favor of Miss Anne Duryle, of Chilliwack. Other students meriting honor mention for this bursary were Audrey Nicholson, Frances Gratz, of Vernon, Peggy Woodhouse, and Joyce Carpenter, of Trail.

Bursary for most efficient obstetrical nurse, equally merited by Shirley Leigh, of Victoria, Anne Deas, Barbara Kellock, of New Westminster, Jenny Palmer, Joan Perry, of Vancouver, Peggy Woodhouse, Olive Manarin, of Kilmalry, B.C., Violet Demmon, of Kelowna, Audrey Nicholson, Gloria Myles, Dorothy Frenette, of Alberni, drawn by Dorothy Frenette.

Prize for the highest average in examinations for first and second year, presented by Dr. George Hall, member of the hospital's medical advisory board, won by Miss Joyce Tubb. Other students meriting honor mention were Mary Logan, Audrey Thorp and Joan MacDowell.

Miss Joyce Carpenter drew the prize for most efficient clinical nurse in pediatrics, presented by St. Joseph's Hospital Junior Auxiliary. It was equally merited by Audrey Nicholson, Dorcas Davidson, of Ladysmith, Gloria Skinner, of Vancouver, Joyce Carpenter and Helen Villeneuve, of Kamloops.

The prize for highest average in examination in pediatrics, presented by Dr. Vincent Smith, was won by Miss Eugenie Vatanianuck of Ladysmith, Saskatchewan.

was given by His Excellency the Most Rev. James M. Hill, D.D., Bishop of Victoria.

Dr. W. J. Cochran, president of the hospital medical staff, brought greetings from the medical profession. Miss Annetta Casillo gave the motto address.

Violin selections were presented by Miss Anne Robertson, accompanied by Miss Dorothy Frances and vocal solos by Miss Madonna McCabe, accompanied by Mrs. M. Chandler. Geston's orchestra was in attendance.

The Florence Nightingale Pledge, followed by the school song "Loyal and True," brought the impressive ceremonies to a close.

The S.O.S. Club of Queen City Chapter, O.E.S. No. 8, dispensed with their regular business meeting in May in order to honor the mothers of the members and also to celebrate the birthday of the club. An enjoyable evening was spent at the home of Sister Nan Earle.

Others were Frances Prestley, of Nelson; Muriel Burke, of Kelowna; Eleanor Davis, of Edmonton; Marie Kehler, of Leader, Sask.; Mae Duquette, Kenora, Ont.; Theda Bird, Star City, Sask.; Doris Clarke, of Calgary; Sabina York of Unity, Sask.

Catherine Scott, Elizabeth Turner and Annetta Casillo, all of Victoria, graduated in medical technology.

Mr. Joseph McKenna was chairman for the evening and following presentation of prizes an address

## Ship to Get Propeller As Pickets Withdrawn

Marine News

The freighter Ss. Riverside, due to the absence of a Canadian Seamen's Union picket line is now ready to enter Esquimalt drydock and have her propeller replaced.

In an unexpected move yesterday afternoon, the C.S.U. picket line—acting on orders from Vancouver headquarters—left the scene. The pickets had been there for more than a month, during which time the ship remained idle.

Arriving here Good Friday, she entered drydock and had a damaged propeller removed by workmen of Victoria Machinery Depot Co. Ltd. Before the "prop" could be replaced, however, the 7,500-ton ship had been formed, and the shipyard workers refused to pass through.

Thomas Moffett, works manager of V.M.D., said yesterday the vessel would be ready for sea on Friday.

The freighter has to wait for the drydocking of two C.P.R. ships—Princess Joan and Princess Mary—before she can enter the basin.

Ss. Sealde, another eastern Canada owned freighter, was also strikebound here for several weeks, but about a week ago left for Vancouver.

### AORANGI DUE THURSDAY

A considerable number of prominent persons will be coming to British Columbia on board the Canadian Australasian Line's Aorangi, due here Thursday. Local C.P.R. officials say exact time of arrival will not be known until late tomorrow.

For the first time since pre-war days, the liner will tie up at Outer Wharf docks of Victoria Machinery Depot Co. Ltd. The ship berthed there before the war when the docks were known as Rithet's Wharves.

### HAS LARGE CARGO

The Aorangi is bringing a large cargo from Australia and New Zealand to this port, and Vancouver.

Among the passengers aboard the ship are Group Captain C. W. Pearce, air attaché to the Australian Ambassador at Washington, D.C.; Brig. E. Dewar, senior army representative for Canada, who is returning after a period of service in Australia; P. V. McLane, commercial secretary to the Canadian High Commissioner's office in Wellington, who is on leave of service; Dr. R. S. Aitken, vice-chancellor of the University of Otago, who will represent New Zealand at a conference of vice-chancellors in Canada, and who will later proceed to the United Kingdom, and Professor O. Davidson,

professor of medicine at Edinburgh University.

### CARGO FROM FAR EAST

The first Blue Funnel Line cargo vessel to call at Montreal this season was the Ss. Menestheus, from the Far East, report officials of the Cunard Donaldson Line. The ship, of 8,000 tons, brought a heavy cargo including crude rubber, hemp, tea, spices, tin, gum damar, and coconut. Master of the vessel is Capt. G. J. Tyler.

### PROPELLER REPAIRED

The freighter Ss. Riverside, after coastal service, spent yesterday in Esquimalt drydock for repairs to her propeller. The job was handled by men of V.M.D., and the ship left the basin early last night.

### VESSEL DAMAGED

The Seattle halibut boat Sandra L. was placed in drydock Saturday night at Seattle after being aground on Northern Halliday Reef during the week-end.

Capt. E. Linvog said his boat was en route from the Northern fishing banks to Seattle with a 38,000-pound load of fish when the Sandra L. reefed in dense fog.

The crew of six men rowed to nearby Dundas Island fish camp and telephoned Prince Rupert for assistance. Two small local boats proceeded to the scene, pulled pumps aboard, and finally pulled her off the reef.

The Sandra L. was towed to Prince Rupert, her cargo discharged and was placed on pontoons in the drydock.

### SPEED TO RESCUE

The United States Coast Guard cutter Owaseo yesterday was reported speeding from Halifax to the rescue of the crew of the 120-ton Danish motor schooner Ebba who abandoned their ship after it sank in a roaring gale 200 miles off Greenland.

The R.C.A.F. said here four United States Flying Fortresses from Greenland, Iceland and Labrador are aiding the Owaseo in the search for the tiny boats in which the crew left the Ebba.

How many men were adrift was not known here. It was presumed all the crew got away safely.

### SCHOONER ON FIRE

The small fishing schooner Urnlock was on fire last night off Trinity Bay in Northern Newfoundland, the R.C.A.F. at Halifax said. Crew of the vessel was reported safe.

The schooner was believed to be carrying 800 gallons of gasoline. Her skipper radioed that the Urnlock was "dangerous to shipping" and advised other ships not to approach.

R.C.A.F. search and rescue officials said the report was picked up by short-wave radio station at Argentia, Nfld.

Large part of the Urnlock was not immediately known.

## Takes Course In London

Allan David Levy, son of Dr. and Mrs. E. M. Levy, 2310 Lee Avenue, left Sunday for London, England, where he will take a post-graduate course at the Slavonic School of the University of London.

Mr. Levy received his bachelor of arts degree at the recent graduation of the University of British Columbia. He also was awarded first-class honors and a prize for international studies.

## Rear Admiral Inspects Sea Cadets

Rear Admiral H. G. DeWolf, Flag Officer Pacific Coast, is seen in above photograph as he stops in course of inspecting Royal Canadian Sea Cadets of Rainbow Corps Sunday afternoon. He is standing before Cadet William Logan, 855 Craigflower Road, at extreme right. C.P.O. Cadet J. Hilton, 649 Ardross Road, stands to left of admiral, while Lieut. J. E. T. Mason, R.C.S.C., at extreme left, looks on with interest.

## Demonstrate Sea Skills

An unrehearsed demonstration of practical seamanship was presented before a large crowd attending the Rainbow Sea Cadets "at home" program Sunday afternoon at the cadets' barracks.

It all happened when the Silver George Giles was commended for his quick acting in getting the engine started and getting the vessel away from the rocks and logs.

Yesterday Lieut.-Cmdr. R. P. Kingscote, commanding officer of the cadets, paid special tribute to the cadets who acted so promptly and efficiently in saving the Silver Cloud from what might have resulted in severe damage.

## De Wolf Inspects Cadets

"Excellent" was the word used by Rear Admiral H. G. DeWolf, Flag Officer Pacific Coast, as he inspected Royal Canadian Sea Cadets of the Rainbow Corps Sunday afternoon at the cadets' barracks, foot of Roberts Street.

Commanded by Lieut.-Cmdr. R. P. Kingscote, with Lieut. J. E. T. Mason as his executive officer, the Rainbow cadets formed ranks on the parade square shortly before Admiral DeWolf and Commodore J. C. Edwards, commanding officer of H.M.C.S. Naden, arrived.

In a brief address to the cadets after his inspection, the inspecting naval officer commended the young men on their performance and appearance.

Forrest L. Shaw, president of the Vancouver Island Division of the Navy League of Canada, told the many visitors of the facilities offered by the navy service and the Navy League of Canada to the training of sea cadets.

### AWARD TO CADET

A highlight of the afternoon was an award made to Leading Cadet Michael Whitehead, 880 Leslie Drive, by Mrs. R. Shanks, president of the Navy League's women's auxiliary. Cadet Whitehead was honored as being the most outstanding cadet of the Rainbow Corps.

Sea Cadet co-ordinator Dennis Brown presented a running commentary of the ceremony over a public address system.

After the parade and inspection the cadets carried on to training.

## Frost Reduces Raspberry Crop

A reduced crop of raspberries as a result of winter frost injuries was forecast by the Department of Agriculture yesterday in its first news letter for the year.

Strawberries came through the winter well, the department said, but some damage was reported to early blooms.

Early broccoli crops were also hit

by frost, but April-May crops have been fairly satisfactory.

Movements of Island flowers to the East have been heavy this year, the department said, but prices were showing a drop over previous years.

Regardless of the fuel you use, there's a Beach Range to meet every individual requirement. You may choose from coal, electricity, gas (artificial, natural or L.P.) or combination coal-gas models in modern designs. Investigate the merits of a BEACH before you buy.

**Years from now—your Beach**

**WILL STILL BE A MONEY-SAVER!**

When you go shopping for a new range, remember this! You are investing in something which you have a right to expect will give you satisfaction not for just a year or two...but for practically a lifetime!

And that's exactly what you get in a Beach range. For, in addition to many modern cooking and labor-saving devices, your Beach range has that dependable, built-in sturdiness that only 55 years of range-making skill can put into a range.

In thousands of homes across Canada there are Beach ranges—purchased many years ago—that are looking and cooking as well as they did when installed in the home. So when you buy a range, insist upon dependability which, together with modern styling, combines to make Beach the choice of discriminating housewives. See your nearest Beach dealer today.

LONDON TAILORED

First Canadian warship to serve as training vessel for University Naval Training Division. Vessel built frigate HMCS Beagoville—was commissioned into her new role at brief and colorful ceremony at H.M.C. Dockyard late yesterday morning. Lieut. J. E. Koning, commanding officer of vessel, reminded all assembled that no matter what scientific and technical advances were made, matter of seamanship would still hold number one spot in navy ladder. Officers and men of ship he said, would serve as instructors for U.N.T.D. personnel soon to train aboard the ship. Above photograph depicts commissioning ceremony, as ship's company form up on quarterdeck, as prayers are offered and White Ensign is raised.

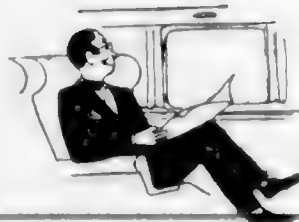

## Boost in City Mill Rate Brings Hike in Rentals

An increase in maximum rentals for apartment buildings and allowed on residential properties in Victoria, the maximum rental of all houses in the city has been increased. The increase is the result of the city's millage rate, which has been increased to 25 cents per \$100 of assessed value.

The board made the order because 25 cents is the highest millage rate in the city. In the case of houses, the maximum rental is \$2.75 per month.

The monthly maximum rental of houses in the city, which has been increased by one-twelfth of the amount of such tax increase calculated to the new higher 25 cents.

For example, if the increase in millage rate is \$30.12, one-twelfth of it is \$2.51, therefore the increase of monthly rental will be \$2.75.

## State Control Or Democracy Major Issues

"Let us not forget that our system of free enterprise in Canada and the United States has given us the highest standard of living ever known to man," said Mr. Perkins in an address before the Oyo Club yesterday at the Empress Hotel.

The big issue of the world today he said, was between democracy and state control. "Under the latter system," the speaker continued, "all people would become shackled to the state."

QUOTES FROM BIBLE  
With reference to the man and the state who are seeking to destroy our present system, Mr. Perkins quoted from the Bible: "What shall I profit a man if he should gain the whole world, but lose his soul in so doing?"

Mr. Perkins was a recent district oratorical contest sponsored by the Junior Chamber of Commerce. Next month he will compete in a regional contest at Prince Rupert. Theme of the speaking contest is "We Are Free." Details of the contest were explained by Brent Murdoch, president of the British Columbia Junior Chamber of Commerce, who introduced the speaker.

## SCHOOL NEED STRESSED

Walter Jones speaking in behalf of the Greater Victoria School Board, told club members of the need for new school buildings in this area, and urged support of many by-laws which will be voted upon throughout Greater Victoria between May 26 and 28. Need for additional classrooms was stressed, he said, with many present schools being forced to use basements and auditoriums for that purpose.

## Charged as Auto Thief, Youth Released on Bail

John D. Graham, 18, 1880 Townley Street, was charged in city police court yesterday with attempted theft of a car owned by Harold W. Jacobs. San Francisco was his alleged home.

He was released on \$1000 bail after being remanded to Wednesday without surety. Patrick J. Sinnott is representing the accused. The offence is alleged to have taken place on or about May 14.

One month ago Graham was convicted on a charge of taking another American tourist's car without the owner's consent. He was given a suspended sentence by Magistrate H. C. Hall at that time.

## DRIVING CHARGES

Arising out of an accident Saturday at the intersection of Quadra and Fort Streets, Wilbert A. Drader, 60, 3228 Douglas Street, was charged with dangerous driving. At the request of Patrick J. Sinnott, Drader's lawyer, the accused was remanded to next Monday without plea.

Leslie E. Jarvis, 3228 Oak Bay Avenue, was fined \$15 when he pleaded guilty to a charge of failing to pull to the side of the street at the sound of an approaching siren. The offence took place May 11 at the intersection of Douglas and Belleville Streets.

City prosecutor Claude L. Harrison told the magistrate Jarvis was the driver of a truck which failed to stop at the sound of the police siren, causing an accident and damage amounting to \$135.

Jarvis said he didn't hear the siren until he was into the intersection because of noise inside his truck.

Watch for this event

"We Liberals have dedicated ourselves to maintaining a high level of employment and income, because that means a high and widely distributed standard of living for our people."

Prime Minister Louis St. Laurent

You share—  
every Canadian shares—

## Children's Favorite!

(IT'S NOURISHING AND ECONOMICAL!)

ROYAL CHOCOLATE WHIP  
1 pkg. Royal Chocolate Pudding  
2 egg whites, well beaten  
9 egg whites, whipped  
1/4 teaspoon almond extract  
1/4 cup of sugar  
Prepare Royal Chocolate Pudding according to directions on the package. When mixture thickens, remove from heat. Add beaten egg whites and almond extract. Stir egg whites and sugar well and add to the above mixture. Place in dessert glasses. Cool to room temperature, then chill. Garnish with whipped cream and almond slices. Serves 6.

Know why children love to become Royal Chocolate Pudding? Because it's so delicious... the full melting flavor... of good milk chocolate! It has that chocolate taste that everyone goes for! And Royal Pudding is so nourishing, it gives youngsters the extra food energy they need. Be sure to reach for Royal—buttery, smooth, chocolate, vanilla and maple—the world's largest selling pudding!

Buy the whole ROYAL family of desserts.

\$6000. INCOME  
FOR YOUR FAMILY  
FOR ONLY  
\$2. A WEEK!

This plan gives your family more income for smaller payments than the usual policies. For example, at age 10 income protection of \$50.00 every month guaranteed for 10 years (\$6000.00 in all) is secured for approximately \$2 a week. Incomes of \$100.00 and \$200.00 a month can be arranged for approximately \$4 and \$8 a week.

If you live to retirement age this plan also provides you with an income. This "Life Preferred" Plan is the most popular plan ever issued by this company. It will save insurance money for you as it has for thousands of others. Get the facts by mailing the coupon today!

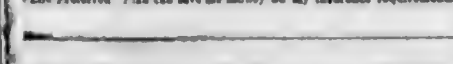

\*Rate at age 10.

**AS TRUE TODAY...**  
As when uttered by Abraham Lincoln!

"You cannot bring about prosperity by discouraging thrift."  
"You cannot strengthen the weak by weakening the strong."  
"You cannot help the wage earner by pulling down the wage payer."  
"You cannot help the poor by destroying the rich."  
"You cannot build character and courage by taking away man's initiative and independence."  
"You cannot help men permanently by doing for them what they could and should do for themselves."

THESE statements have special significance to Canadians today when so many quick nostrums and alien ideas are being espoused. Lincoln's words point up the inescapable facts that—  
Without integrity . . . . . no confidence.  
Without vision . . . . . no progress.  
Without effort . . . . . no reward.  
Without profits . . . . . no jobs.

Holding to these principles, Canada's continued progress is assured.

**YOU HELP TO MAKE...AND SHARE IN THE GOOD LIFE IN BRITISH COLUMBIA**

**MANUFACTURED GOODS PROVIDED \$850,000,000 IN NEW WEALTH**

Working together, all those engaged in manufacturing in British Columbia produced manufactured products to an estimated value of \$850,000,000 in 1948, a tremendous contribution to the economy of this province and to the nation. Modern machines, improved methods and a spirit of loyal co-operation between employees and employers combined to make the manufacturing industries an ever increasing source of income.

Hard work and sound thinking are rewarded in British Columbia. We can have better food, better clothing, more leisure, more educational facilities . . . and maintain our precious individual freedom . . . if we will continue to work together. The standard of living of each of us will rise in proportion to how much all of us produce through better use of mechanical power, better machines, better distribution and better collective bargaining. Our system may have its faults, yet it has brought more benefits to more people than any other ever devised. But things can be even better. We can help to make them better by sane thinking and action.

**HERE IS WHAT YOU CAN DO ABOUT IT**

**WORK MORE EFFECTIVELY** . . . every hour you are on the job, whether you are an employee, an employer, a professional man or a farmer.

**SERVE GLADLY ON JURIES.** Trial by jury is a cornerstone of our freedom.

**SERVE ON COMMUNITY GROUPS.** . . . devoted to improving your community. Join your local Parent-Teacher Association. Better educated children mean a more intelligent electorate.

**DON'T LET SOMEONE ELSE DO IT.** The decisions that affect your income, your work, your life . . . take part in them. Vote in all union elections. Be willing to serve on the executive if opportunity arises. Vote in stockholders' meetings.

**MAKE THE COUNTRY'S BUSINESS YOUR BUSINESS.** Study the actions of our legislators. Attend political gatherings. Hear both sides. Know the issues and vote intelligently. Help to keep the good things in our set-up and get rid of the bad.

This is one of a series published in the public interest.

## Interest High as Visit of Newcastle Nears Terrific Third-Period Rally Gives Royals Memorial Cup

Soccer followers throughout the province are impatiently ticking off days until June 4, when famed Newcastle soccer team will play first of three matches on Pacific Coast. First match will be at Vancouver's Callister Park, second will be at Seattle on Sunday, June 5, and final appearance will be back at Callister on June 7. Captain Joe Harvey is pictured at left as he emerged from dressing room in recent game, leading out his men. Complete Newcastle club is pictured in other photo. They are, from left to right—Back row: A. McCombie (trainer), G. C. Houghton, F. Brennan, C. H. Gibson, R. Stokoe, F. Smith, A. C. P. Mutch (trainer). Fifth row: C. Sands, L. Porter, W. Wood, J. D. Wright, D. Dodgin, A. Donaldson. Fourth row: N. Smith (trainer), A. H. Clark, E. N. Younger, D. Graham, J. Woodburn, R. Fraser, J. Richardson (trainer). Third row: E. Hall (assistant secretary), J. Storey, F. T. Middleton, A. Graver, G. Lowrie, P. J. McCow, R. R. Gatt, W. McCall, F. Scott, A. Mutch (groundsmen). Second row: D. V. Toane, A. King, G. Hart, T. Thompson, A. Sibley, E. Taylor, G. C. Stobbs, C. A. Crowe, A. G. Sibleforth (director). First row: O. S. Martin (manager), W. McKeag (director), T. J. Walker, G. S. Seymour, (director), J. B. T. Milburn, G. F. Rutherford (chairman), J. Harvey, J. W. Lee (vice chairman), B. Craig. Front: J. E. E. Garbutt, J. Lowery, J. Fairbrother.

### Morgan's Liner in Ninth Gives Prowse 6-0 Mark

Off to the best start of any Victoria pitcher in the four seasons of World play, Frank Prowse came up with his sixth straight victory last night before 1,100 fans at Royal Athletic Park. The big right-hander beat Vancouver Canadians, Vern Kindfischer pitching a shutout in the ninth. Prowse's record now stands at 10-3, with a 2.11 earned run average. He has pitched 100 innings, 100 hits, 100 runs, 100 earned runs, 100 strikeouts, and 100 walks. He is the only pitcher in the league to have done this. Prowse's performance was a testament to his skill and endurance. He pitched a complete game, allowing no runs, hits, or errors. His team, the Victoria Canadians, won the game 6-0. Prowse's record is now 10-3, with a 2.11 earned run average. He has pitched 100 innings, 100 hits, 100 runs, 100 earned runs, 100 strikeouts, and 100 walks. He is the only pitcher in the league to have done this.

### Servants Win Roller Hockey Championship

Civil Service captured the John D. Carlow Trophy, emblematic of the city roller hockey championship, by defeating the Pacific Coast League team in the final game of the tournament. The Civil Service team scored 2 goals, while the Pacific Coast League team scored 1 goal. The Civil Service team won the championship 2-1. The Civil Service team was led by Captain John D. Carlow. The Pacific Coast League team was led by Captain John D. Carlow. The Civil Service team won the championship 2-1.

### Oaks Top Tars

REPRESENTATION Wash May 16—Oakland Athletics of the Pacific Coast League beat their little brothers, the Remington Rockets of the Western International circuit, here tonight in an exhibition game, 5-2. The Oakland Athletics scored 5 runs, while the Remington Rockets scored 2 runs. The Oakland Athletics won the game 5-2.

### Congdon's 130 Sets New Mark

TACOMA, Wash., May 16 (AP)—Chuck Congdon, Tacoma pro, and defending champion, turned in the course today with a record-breaking 130 to win the All-American open and tournament. He cracked his own mark of 131 set in 1936 for the 30 hole.

### Boxla Opens Tonight

Two strengthened squads who intend to give Jokers a stiff run for the money will meet in the opening game of the Victoria and District Senior "B" Lacrosse League scheduled at Stevenson Park tonight at 8:30. The contesting clubs are Alex Macdonald's Paul Bay aggregation and Annie Ferguson's Tillicum septette. Ferguson has welded together a new squad from the amalgamation of last season's Tillicums and J.R.A.A. squads and has added experience by entailing a couple of veterans out of retirement. His starting lineup has Brix Long in goal, lined up by Roy Lawrence, Jim Pickford, Gordie Ritchie, Ed Popham, Red Mason and Johnny Brown. Alternates are Ken Brown, Bob Long, Ralph Baker, Norm Costas, Don Henderson and Gordie.

### Gordon Verley Uplands Club Champion

Slagging a sensational comeback on the final six holes, Gordon Verley captured the Uplands Golf Club championship for the third time on Sunday by defeating Eric Hiberson, one up, in the 36-hole final. Starting the final 18 holes one up, Hiberson maintained his margin at the 27th and stretched it to three up at the 30th. Verley fired three birdies and two pars on the next five holes to go one up on the 35th and won the match by halving the final hole.

### Gasmen Edge Boosters In Free-Hitting Game

Pitzer & Nex outslugged Boosters to take a 12-11 decision as the clubs made their seasons debut in the Victoria Baseball Association's senior league at Beacon Hill last night. By their victory, the Gasmen share an early season tie for the lead with Eagles, who blanked Navy, 13-0, on Sunday. Both clubs played errorless ball and picked up 18 hits last night, but Gasmen bunched their hits for big innings that spelled victory. They came from behind a 9-2 deficit with a five-run spurge in the fourth to drive Pitzer Art World from the hill. Relief hurler John Moffat was greeted with another five-run inning in the fifth when two walks, singles by Bill Reynolds, Don McKinnon and Bernie Clarkson and Jimmy John's double did the damage, resulting in the eventual winning run. Moffat blanked Gasmen for six of the way while his mates rallied for five runs in the sixth and singles in the seventh and eighth but Cliff Rime, who relieved McKinnon on the mound for Gasmen in the seventh, stemmed the rally.

## The Spotlight

By GRANTLAND RICE

Here are just a few details that no one spoke about on opening day in April.

1 The night of the Yankees to the front in spite of injuries and losses. The Yankees, Charlie Kestner, Bob Feller, and other players, were the only ones who were not injured.

2 The Giants were supposed to have one good starting pitcher, Larry Jansen. They have come up with four, and Jansen has been the most effective of the winning quartet.

3 The record of the Washington Senators. They have been the only team to have a winning record in the first month of the season.

4 The Dodgers. They have been the only team to have a winning record in the first month of the season.

5 The Cardinals. They have been the only team to have a winning record in the first month of the season.

6 The White Sox. They have been the only team to have a winning record in the first month of the season.

7 The Red Sox. They have been the only team to have a winning record in the first month of the season.

8 The Yankees. They have been the only team to have a winning record in the first month of the season.

9 The Dodgers. They have been the only team to have a winning record in the first month of the season.

10 The Cardinals. They have been the only team to have a winning record in the first month of the season.

11 The White Sox. They have been the only team to have a winning record in the first month of the season.

12 The Red Sox. They have been the only team to have a winning record in the first month of the season.

13 The Yankees. They have been the only team to have a winning record in the first month of the season.

14 The Dodgers. They have been the only team to have a winning record in the first month of the season.

15 The Cardinals. They have been the only team to have a winning record in the first month of the season.

16 The White Sox. They have been the only team to have a winning record in the first month of the season.

17 The Red Sox. They have been the only team to have a winning record in the first month of the season.

18 The Yankees. They have been the only team to have a winning record in the first month of the season.

19 The Dodgers. They have been the only team to have a winning record in the first month of the season.

20 The Cardinals. They have been the only team to have a winning record in the first month of the season.

21 The White Sox. They have been the only team to have a winning record in the first month of the season.

22 The Red Sox. They have been the only team to have a winning record in the first month of the season.

23 The Yankees. They have been the only team to have a winning record in the first month of the season.

24 The Dodgers. They have been the only team to have a winning record in the first month of the season.

25 The Cardinals. They have been the only team to have a winning record in the first month of the season.

26 The White Sox. They have been the only team to have a winning record in the first month of the season.

27 The Red Sox. They have been the only team to have a winning record in the first month of the season.

28 The Yankees. They have been the only team to have a winning record in the first month of the season.

## Believe It or Not!

JOHN D. ROCKEFELLER, JR., MADE A HOLE IN THE SIDE OF A BUILDING AT THE AGE OF 92.

### Torgeson Injured

BOSTON, May 16 (AP)—First baseman Earl Torgeson of Boston Braves was removed to hospital Saturday night after a separation of his left (throwing) shoulder.

He suffered the injury during the seventh inning of the Boston-Brooklyn game.

Torgeson night game by throwing a sliding block on Jackie Robinson, Dodger second baseman, in an unsuccessful attempt to break up a double play.

The Dodgers face the oddest situation in the game. They have a greater general average of talent than any two teams in the trade but, so far, they have been unable to dig up a stand-out pitcher or a stand-out hitter.

The Dodgers probably have 40 or 50 good ballplayers where other teams have eight or ten. But you can't play more than nine men at a time. Dr. Rubeen has had tough luck in the fact that no Miami, Slaughter, Brecheen, Marion, Polk or another Dean, Terry Moore, Medrick or Kuroski has suddenly appeared as a rookie for his Dodgers.

The Dodgers have at least ten good outfielders and 15 good pitchers. But they haven't an outfielder who looks as if he'd bat .350, including 20 or 30 home runs and he has no pitcher who looks to be 20 or 25-game winners.

Brecheen, with Rubeen's help, had such stars while he was winning pennants and six world series. "And don't forget," Brecheen said to me one day, "that the Cardinals have the highest payroll in the National League. And we have to finish 1-2-3 to draw 600,000 people."

Sam Brecheen was hard but just. He was fair most of the time. He happened to know and love baseball. No owner at the age of 26 or 27 would have been in a uniform working out otherwise.

## Locke Captures Goodall Meet But P.G.A. Keeps Door Closed

NEW ROCHELLE, N.Y., May 16 (AP)—George Goodall, London, England, who captured the P.G.A. title last year, was defeated by a 19-year-old amateur, Bobby Locke, in a match play contest at the P.G.A. tournament here today.

The strict adherence to the rules of the P.G.A. tournament, which was held at the P.G.A. Club here yesterday, was a factor in Locke's victory.

Locke, who was defeated by Goodall in a match play contest at the P.G.A. tournament here today, was a 19-year-old amateur.

## There's a big investment behind the gas for every car

Finding oil and bringing it to you—in the kind of products you need, and at low prices—is a big job and takes a lot of money. Behind that dependable supply are thousands of Canadians engaged in finding, producing, transporting, refining and marketing—working with tools that cost hundreds of millions. But the investment in those tools is your guarantee of adequate supply and minimum price.

**FIRST**, the oil must be found. This means expensive equipment and the making of money in patient search. A single deep test drilling rig is worth half a million dollars and one unsuccessful well in the Alberta foothills has cost more than a million. Then when oil fields are found, they must be developed; just to drill and equip one well in the Leduc field costs about \$100,000.

**SECOND**, crude oil must be transported to a refinery. Tank cars, pipe lines and ocean and lake tankers are the vehicles. A large pipe line may cost \$100,000 a mile; Imperial's largest tanker, just put into service, cost more than \$8 millions.

**THIRD**, the crude oil must be refined into hundreds of useful products. Large and complex refining units are the workman's equipment here. To meet your increasing needs for more and better products Imperial since 1945 has added refining capacity to process an extra 31,000 barrels per day. The cost was more than \$30 millions.

**FOURTH**, the products must be marketed—this means they must be made available to you when and where you need them. The tools of the marketer are such things as service stations, truck fleets, coastal ships, barges, oil drums and tanks. This equipment, too, adds up to millions.

Canadians are using twice as much oil as in 1939. To help meet your increasing needs Imperial has sought and found new fields, built ships and pipe lines, erected new refinery units, installed new marketing equipment. It costs more than twice as much to do these things as before the war.

The money we needed to do these things came from borrowing, from the sale of investments and from earnings put back into

LADYSMITH CLUB 44 ORGANIZES SECOND PACK OF BROWNIES  
Photograph shows Second Ladiesmith Brownie Pack, organized last week under sponsorship of Club 44. Mrs. Ray Parkin is president of club. Those in back row left to right: Mrs. R. Edwards and Mrs. J. Liptak, Tawny Owls; Mrs. G. O. Lomas, district commissioner; Mrs. Cyril Ryan, Grey Owl; and Mrs. J. Benham, Chief Brown Owl and leader of group.

## Fire Destroys Dwelling On Mesachie Lake Farm

MESACHIE LAKE, May 16.—Fire destroyed the farm home of Mr. and Mrs. Edward Robertson, half a mile from the village of Mesachie Lake, early Monday night. Occupants were able to save only a few blankets.

Douglas Smith and William Lapka noticed the roof on fire at 6:30 p.m. after a fireplace had been in use a short time. Within five minutes the outbreak was out of control.

Volunteers from the Hillcrest Lumber Co., Ltd., were hampered by a high wind and scarcity of water. Built partly of logs, the dwelling was located on one of the oldest farms in the district.

Mesachie Lake was disturbed by a false fire alarm earlier in the day. A bucket brigade extinguished a small bush fire eight miles from the village at 2 p.m.

Employees of the Hillcrest Lumber Co., Ltd., have been forced to adopt an early shift because of dryness of the woods. They now work from 5:30 a.m. to 2 p.m., instead of 7:30 a.m. to 4 p.m.

## Lose Buildings At Alert Bay

ALERT BAY, May 16.—An early morning fire destroyed the Bay Hotel and three dwellings here, causing property damage of \$70,000. No one was injured, but several families were made homeless.

A switch in the wind saved other buildings. Cause of the fire is unknown.

## Set Discussion

ERRINGTON, May 16.—Inspector C. Campbell will discuss construction of a new high school in Qualicum School District, No. 69, during a meeting of ratepayers in Errington School on Thursday night.

## All-Sooke Day

SOOKE, May 16.—All-Sooke Day will be held at Sooke River Plaza on July 27. It was decided at a meeting of Sooke Community Association, presided over by Robert Gibson.

## Judge Events

QUALICUM BEACH, May 16.—Speakers at a field day staged by the Silver Spur Horse and Riding Association at Recreation Park included Lt.-Col. F. J. Thorne and Mrs. E. Watney. They also judged events.

Prize winners included Myra Baskie, Lynn Adamson, V. Smith, Mrs. N. Adamson, June Banks, A. Kitzick, Susan Barton, Mrs. H. Lee, Barbara Sharp, E. Luter, G. Jones, A. Peterson, Miss Audrey Stevens, S. Jones, Valerie Smith, Jill Adamson, W. Armstrong, Gwen Jones and L. Edmundson.

## Duncan Briefs

DUNCAN, May 16.—Spencer-Houston Car Sales Co., of Victoria is reported to have purchased the Don Abel Ltd., garage on Government Street. It is understood that the new purchaser will specialize in used car sales.

St. John's Ambulance appeal campaign wound up at a meeting in the City Hall Friday evening. While the campaign was not as successful as had been anticipated, the committee felt members had done a good job. They considered the appeal had been badly timed and forwarded several suggestions to the provincial headquarters for any future appeal that may be made.

The Adams Construction Co. will arrive with its equipment this week to begin the work of rebuilding three streets in the city, the largest of which is Canada Avenue. The city is showing the results of the council's aggressive street-building program which is all on a pay-as-you-go system.

Mayor J. C. Wragg said the council intended to keep its name for having the best streets on the island. Flasher lights will be installed at several intersections as soon as they arrive.

King's Daughters' Hospital was the scene of an unusual ceremony on Sunday afternoon when the mortgage was burned. Hon. George S. Pearson, who officiated, said it was a very pleasant duty for him to perform a task so seldom happened. A large gathering was on hand at the hospital grounds to witness the ceremony. The Cowichan District Band

rendered songs and marches, and the Duncan Choristers pleased the crowd with its well-balanced program of popular numbers. After the ceremony the visitors were conducted on a tour of inspection of the hospital by members of the board and staff. Tea was served in the Nurses' Home by the Ladies Auxiliary to the hospital.

## Early Nanaimo Resident Dies

NANAIMO, May 16.—Henry Allsup, well-known retired fire boss, which position he held in old No. 1 and Reserve mines here for many years, died at his Nicol Street home Saturday. It was 60 years ago that he landed in Nanaimo. He arrived in New Westminster from England, and was taken to Victoria on a side-wheeler boat, completing the trip to Nanaimo on the E. & N. Railway.

He is survived by his widow; one son, Wallace, Vancouver; one grandson, William, in Ontario, and one great-grandson.

Jenkins Chapel has charge of funeral arrangements.

## Hopes to Help Store Dispute

Stuart Willicroft, Vancouver, conciliation officer, has been appointed to aid settlement of a dispute between Canadian Safeway Ltd., at Nanaimo, and the Retail Clerks' Union, Local 1518, the Labor Relations Board announced yesterday.

## Big Tree at Parkville Catches Red Parachute

PARKVILLE, May 16.—An interesting discovery was made by G. M. Bernard at his ranch near Parkville was that of a United States weather bureau radiosonde with parachute attached. The red silk

parachute was caught in the top of a large tree with the transmitting instrument suspended about 25 feet from the ground. It was recovered by Constable P. R. Hutchinson of Parkville, and appeared to be in perfect condition. It had apparently not been there very long.

As there were no instructions attached for points outside the United States, Constable Hutchinson will bureau at Spokane concerning disposal of the instrument.

## Parkville Asks Hospital Aid

PARKVILLE, May 16.—The Dominion Department of National Health will be asked in a resolution passed at a recent meeting of the Women's Institute here, to "give serious consideration to establishment of an emergency hospital to serve the Parkville area."

In a second resolution to the Department of Public Works, the institute will seek an appropriation for the upkeep of side roads in the area.

Mrs. F. McGibbon was a delegate to the convention at Qualicum Beach on May 12.

Mrs. E. Tyson presided, and at the close of the business meeting Dr. T. W. Sutherland spoke on public relations.

## Bishop Speaks

QUALICUM BEACH, May 16.—Bishop Harold E. Sexton officiated at a confirmation service in St. Mark's Church on Sunday, when 14 candidates were confirmed into the Church of England. Bishop Sexton also presided at St. Anne's Church, French Creek.

## Weather Forecasts

West Coast of Vancouver Island—Clear. Winds northeast 15 m.p.h. Little change in temperature.

East Coast of Vancouver Island—Clear. Winds light. Cooler.

"Smackin' good... it's GRO-PUP"

It's Gro-Pup for dogs of all ages, sizes and breeds, any kennel owners. Has every vitamin and mineral dogs are known to need! (Thrifty, too! Not 70¢ water like most canned dog foods.) Gro-Pup comes in cubes and meat—your grocer has both.

## Your Hair Needs Washing More Than Your Body

Hair is "catch-all" for dust, dirt and grime from the air

Your hair collects more dirt in one hour than your entire body does in a day. Actual tests prove this.

Unless you wash your hair at least once a week, you may develop an unhealthy scalp. This is because your hair traps dirt, dust and grime from the air. These combine with perspiration, dried skin, and oil to form a waxy accumulation of dandruff lying tightly on your scalp. Thus your hair can't get the nourishment it needs, and becomes dull, lifeless, and thin out.

For healthy, good-looking hair, you should dissolve away all dirt and dandruff from your scalp. Use Fitch Dandruff Remover Shampoo, the

ONLY SHAMPOO guaranteed to remove dandruff.

Fitch works right down into the thousands of tiny hair openings in the scalp. It cleans, able to breathe freely, so your hair can be healthy, alive-looking.

Prove It Yourself!

Get Fitch Dandruff Remover Shampoo for good-looking hair—try the 6-oz. economy size, 69¢. Be proud of your hair—use Fitch tonight.

SHAMPOO

## OAK BAY WATERING

Take notice that the following watering restrictions are in force in the Municipality from May 13, 1949, until further notice:

Mondays, Wednesdays and Fridays even numbered houses only, permitted to water lawns and gardens.

Tuesdays, Thursdays and Saturdays odd numbered houses only, permitted to water lawns and gardens.

No restrictions on Sunday watering, except as per next paragraph.

Owners with fixed sprinkling systems must not use same between the hours of 5 p.m. and 9:30 p.m. on any day (including Sunday).

From 10 p.m. to 6 a.m. there are no watering restrictions of any sort.

A. S. G. MUSGRAVE, Municipal Engineer.

You get a longer run for your money—that's why

# More People Prefer Goodyear Tires than Prefer All Other Makes Combined\*

## Here's the REASON!

For 34 years, Canadian motorists have preferred Goodyear tires over any other kind—and have backed up their preference by actual purchase! That's because they've learned from experience that Goodyear tires give them the most for their money!

The new Super-Cushion is the latest reason for Goodyear's tire supremacy. It's the best of the new low-pressure tires for super comfort, super safety, super mileage. Remember, only Goodyear builds the Super-Cushion. See your Goodyear dealer about Super-Cushions... and get the softest, smoothest, safest ride on the road.

Conventional Tire

Smaller "Footprint" Ordinary Ride

Super Cushion Tire

Larger "Footprint" New, Softer Ride

Super-Cushion runs on 24 pounds of air. Its bigger "footprint" on the road gives greater stability... quicker, safer stops... easier steering, especially on curves. Let your Goodyear dealer put Super-Cushions on your car now—they'll make it ride like a new one!

Super-Cushion by

# GOOD YEAR

More People Ride on Goodyear Tires Than on Any Other Kind

ORDINARY TUBE

WHEN A TIRE BLOWS OUT... an ordinary tube collapses instantly. But LifeGuard's inner air chamber allows a tire to deflate slowly... permitting complete car control.

LIFEGUARD TUBE

LIFEGUARD SAFETY TUBES MAKE BLOWOUTS HARMLESS!

LifeGuard Safety Tubes prevent blow-out accidents. They often outlast several sets of tires. See your Goodyear dealer—right away! You can't get better protection to save your life.

HEAD OFF BATTERY TROUBLES NOW!

For quick, sure starts and an ample power reserve for everything electrical in your car, equip it with a new Goodyear "Factory-Fresh" Battery!

## THE WARTIME PRICES AND TRADE BOARD NOTICE TO LANDLORDS AND TENANTS

### Increases in Municipal Taxes in the City of Victoria

The tax rate in Victoria for the year 1949 has been established at 53 mills. This is an increase of 7½ mills over the rate for the year 1948 and, therefore, there will be a substantial increase in the amount of municipal taxes levied on the properties in Victoria. The Wartime Prices and Trade Board, therefore, has made a general order which automatically increases the maximum rentals of residential properties and thus relieves many landlords of the necessity of making individual applications.

1. For the purpose of the Order all residential buildings in the City of Victoria which are affected by rent control are divided into two classes, namely HOUSES and MULTIPLE BUILDINGS.

### 2. HOUSES

A house is space covered by one tax bill and let to one tenant. Such accommodation is usually a single family residence used as a private dwelling although it may be sublet in part to boarders, lodgers or roomers.

The monthly maximum rental of all houses in the City of Victoria for which there has been an increase in municipal taxes in and for the year 1949 have been increased by one-twelfth of the amount of such tax increase calculated to the next higher twenty-five cents.

e.g. (1) The increase in municipal taxes is \$30.12.  
1/12 of the increase is \$2.51.  
The increase of monthly maximum rental will be \$2.75.

### 3. MULTIPLE BUILDINGS—APARTMENTS, DUPLEXES, ETC.

These are buildings where the tax bill covers space that is not all rented to one tenant; the space covered by the tax bill may be rented to two or more tenants or may be partially occupied by the owner.

In these cases the maximum rental of all rented units in the building are automatically increased by 2% calculated to the next higher twenty-five cents.

e.g. Previous maximum rental is \$38.00 per month.  
Plus automatic 2% increase \$ .76  
\$38.76

Therefore, new maximum rental \$39.00 per month.

### 4. SHARED ACCOMMODATION AND HOUSING ACCOMMODATION WHERE THE OCCUPANTS SHARE SOME CONVENIENCE.

In these cases the automatic increases in maximum rentals outlined in paragraphs 2 and 3 above are NOT payable. Landlords in these cases may make application for maximum increases due to increased taxes payable by them or an increased maximum rental demanded from them by their own landlord.

### 5. LANDLORDS DEMAND FOR INCREASED RENTAL

Where the foregoing increases in maximum rental have occurred landlords may obtain the benefits thereof in the case of

(a) monthly leases by giving the tenant a one month demand on Form No. 2 of the Wartime Prices and Trade Board; or

(b) in the case of a term-certain lease, by notifying the tenant in writing that after the expiration of the term, the lease will be converted on a monthly lease; and later when the monthly lease is in existence by giving the tenant a one month's demand for the increased rent on Form No. 2; unless there is a clause in the lease which entitles the landlord to obtain this increased maximum rental or an earlier date.

NOTE: In any case in which the tenant is willing to pay the increased maximum rental as from any date not earlier than January 1, 1949, he is permitted to do so by the terms of the Order.

A supply of Form No. 2 is available at the offices of this Board, Belmont Building, Government Street, Victoria, with instructions for completing same.

# Uncertain Destiny

By BETTY WEBB

CHAPTER V—Continued  
Sally, seeing the effort it took for Linda to hold back tears, said:

## The Price You Pay For BLEEDING GUMS

Bleeding gums often are a sign of advanced Periodontitis, a bad gum infection, where your pockets turn around teeth and your teeth get loose and fall out. So, see your dentist and start using Forhan's Bleeding Gum today. It checks bleeding gums, helps gums to be firmer with a lovely healthy pinkness. Notice the difference in the way your teeth and gums seem feel and look. Recommended by Dentists.

breath. Linda's head ached, and she was aware now that the middle week-end was over. Once more living was commonplace and drab. Even Sally and Hugh might have been only characters in an exciting novel; their gay, happy mode of life merely her own dream.

She was suddenly conscious that Kyle's humdrum dialogue had broken off, and he was staring at her.

"Sa—ay," he exclaimed. "What's that thing you've got on your head?" Linda's last, shining air castle tumbled in ruins. Swiftly her hand went up to snatch Diane's gay, be-ribboned offender from her hair. So Diane had been right after all in saying the little hat would be unappreciated in Prairieville.

"It's just a silly little hat that belongs to Diane," she explained wearily. "I'll send it back tomorrow."

**CHAPTER VI**  
It was hard, Linda soon discovered, to slip into the routine of her regular life again. The routine of eating and sleeping, of working hard each day and sitting at home each night with her parents—and with Kyle.

Little things Kyle did began to annoy Linda. This was puzzling, for she had never allowed any criticism of Kyle, nor felt any emotions toward him before save admiration and trust. Now both her admiration and trust seemed wanting. Since Kyle was out of work he seemed to take it for granted that he was welcome to spend his time at the Phillips home, and each evening when she returned home Linda found him hunched over a card table, or absorbed in a newspaper. Still she managed to keep silent, her sympathy for his lack of employment over-riding her growing suspicion.

that Kyle was making no effort to find work.

Gradually Kyle began to study her thoughtfully. Linda's parents, too, watched their daughter in wondering silence. There was a strangeness about her that perplexed them. By turns she was moody and gay, irritable and gentle. And then, four days after her return from Chicago, Greg's letter came!

Linda stared at the slim, white envelope addressed in flowing masculine style, and her heart pounded madly. Her thoughts were deliciously joyful. It had come—at last, the message in which she had been waiting. Forgotten was the agony and doubt of the last few days when she had waited and hoped for some word—some sign that Greg Hollister had not forgotten...

Later Linda faced her parents defiantly. "I think you should know," she began bluntly, "that while I was in Chicago I met someone I like very much. Someone completely different from anyone I ever knew before." For a moment after Linda's startling words, there was an uncomfortable silence. John Phillips looked anxiously at his wife, then in the direction of his daughter. Painfully he cleared his throat, giving voice to the nameless fear that had haunted the Phillips for several days.

"This—this person—is a young man?"

Linda nodded brightly. "His name is Greg Hollister, and he's a chemical engineer." The faces of her parents were shocked and incredulous, and suddenly the thrill of telling them was gone for Linda. It was going to be very hard, she realized suddenly, for them to understand all that had happened in that brief Chicago week-end. Their lives were so placid, so completely shut away from the excitement and intrigue of life in a big city. Could she make them see Greg Hollister as she saw him, or would they condemn her for allowing the man to make light love to her?

Bravely she poured out the story, sparing no detail in a description of Greg, of his work, his eligibility. "But dear, what about Kyle?" Her mother asked. "Have you forgotten that you're engaged to him?" "I haven't told you everything," Linda hastened on, evading temporarily all mention of her fiancé. "I received a letter from Greg today. He—he's coming to Prairieville this week-end. He's coming," her voice rang out proudly, "to see me."

Following her joyous announcement, there was absolute silence. John Phillips looked uneasily at his wife, and then toward his daughter, and Linda's happiness died. She had expected something—some word regarding Greg's trip, but the silence was pregnant with meaning.

Then, slowly, Mary Phillips arose. Her face white and determined. She was still not sure that she had heard correctly. The idea of Linda announcing the arrival of a stranger to their midst seemed incredible. "I don't understand this," Mrs. Phillips said earnestly, "and I don't want to hear that—that man's name mentioned there again. If he dares to follow you to Prairieville—if he dares, this—this Greg person shall not set foot inside my house!"

## Jobs in City Being Sought For Boy Scouts

Can you give a Boy Scout a job? That is the question now being asked Victoria residents by members of the city Boy Scout Association.

Purpose is to give Scouts an opportunity to finance their trip to the Canadian Scout Jamboree, to be held in Ottawa during the latter

**FIRST CELEBRATION**  
The celebration, first of its kind to be held in Canada, will be attended by Scouts from all parts of the Dominion, including a group of from 70 to 80 boys from Victoria.

In keeping with Scout policy, they are expected to pay for a considerable share of travel costs out of money which they have earned themselves.

Majority of those looking for work are first class Scouts between the ages of 14 and 18.

Persons wishing to offer part-time employment are asked to contact Boy Scouts Association Headquarters at 1034 Johnson Street.

## Most Veterans Obtain Work On Graduation

Despite decreasing job opportunities, particularly in certain engineering fields, three-quarters of all veterans graduating from University of British Columbia this month have already secured employment. It is announced by the Department of Veterans' Affairs branch at Vancouver.

"This was the peak year for student-veteran graduation," a D.V.A. spokesman said.

"More than one-third of the 2,000 veterans attending U.B.C. on D.V.A. allowances graduated this year."

Of 1949's graduating class of 1,776, 1,080 were ex-servicemen receiving training grants.

**PROSPECTS ENCOURAGING**  
Commenting on future job prospects, J. F. McLean, employment bureau head at U.B.C., said they were "encouraging."

Electrical, chemical and mechanical engineers, together with older men of 35 years or more with families, are experiencing the most difficulty in getting jobs, according to Mr. McLean.

One hundred per cent placement of graduates is rendered difficult by size of this year's graduating classes and by the fact that some industries cannot absorb as many university-trained men as in previous years, said a National Employment Service official.

Ex-servicemen won seven of the ten medals awarded to heads of graduating classes and 81 of the 125 prizes offered final-year students.

**THE MYSTERY MAN**  
Chef Harrington, well-known Victoria businessman, was yesterday's Mystery Man.

And it only took J. H. O'Neill seven minutes to find him after he appeared on Douglas Street.

Today's Mystery Man may be found on Port Street, between Government and Quadra Streets, between 11 a.m. and 2 p.m.

## Studies in England

JOHN PLASKETT

Who is doing well in field of mathematics in England, a grandson of late Dr. J. S. Plaskett, for many years director, Dominion Astrophysical Observatory at Sarnich, and son of Prof. H. H. Plaskett of Oxford University.

Last year, at age of 21, he took his B.A. at Royal College of Science, London, showing such exceptional abilities that he was exempted from usual military service.

He was given special assistance to secure his Ph.D. this Spring in order that he could continue his work with scientific and industrial branch of government.

Born in Victoria while his father was on staff of Astrophysical Observatory, he accompanied his parents to Harvard when his father was appointed professor of astrophysics there. John's grandmother, Mrs. J. S. Plaskett, lives at 318 Armit Street.

**Housing Plan Draws Protest**  
The Greater Victoria Property Owners' Association yesterday notified City Council of its opposition to the city's agreement, which is pending with Central Mortgage and Housing Corporation for construction of 100 housing units in Victoria.

"The Greater Victoria Property Owners' protest the action of the City Council in entering into a housing project of this kind without first consulting the taxpayers, as public money is involved, and only a fair and equitable basis of assessment, in line with all other assessments on homes should be permissible," Reg. Clarke, Sr., acting secretary, stated in a letter to council.

The association objected the city would receive only \$60 per unit each year in lieu of taxes under the terms of the agreement. It was estimated taxes on similar dwellings would run to \$80 per year.

## Scarcity of Household Gadgets Of Little Concern Down Under

Australians and New Zealanders pay less attention to gadgets than Canadians and Americans, "but seem to enjoy life as much as we do, if not more."

This is the impression of Dr. G. M. Shrum, physics department head and director of university extension at the University of British Columbia, who addressed members of the Men's Club of First Baptist Church Monday night.

He said that in 1939 and both countries are "plagued with shortages," partly owing to the less mechanized nature of industry there.

However, the majority of residents of both countries are satisfied with their Labor and Social Government, Dr. Shrum said.

"On the whole, there seems to be less opposition to Socialism in New Zealand than in Australia. It is generally thought that, even if the opposition in New Zealand were to come into power, it would not repeal labor legislation that has been passed."

**RENTALS LOWER**  
Under New Zealand Government housing schemes, rentals are about one-half what they are in Canada.

However, the basic wage is only \$28 a month and carpenters are paid at the rate of 85 cents an hour—approximately half what they are paid here. Dr. Shrum said.

Work generally seems to be performed in a more leisurely fashion than in North America, he added, citing as an example that "it takes just twice as long to load and unload a ship there as it does here."

As a result, the possibility of instituting incentive pay, a measure long opposed by labor unions, is being considered.

Dr. Shrum said Canadians should become better acquainted with economic, political and social conditions in the southern nations, both for trade reasons and because of the latter's strategic position in the Pacific.

**SHOULD LEARN MORE**  
Canadians could learn more about New Zealand and Australia

**Forest Fires Still Menace Island Areas**  
Cooler weather throughout most of British Columbia brought reduced fire hazard over the week-end but the danger continues on Vancouver Island, the British Columbia Forest Service reported yesterday.

Lower temperatures and clouds are expected for the West Coast of the Island.

Three small blazes broke out over the week-end at Langford but all were quickly extinguished. A spot fire at Thelma Lake was attributed to picknickers and right men from the Canadian Puget Sound Lumber & Timber Company, Jordan River, brought under control a small blaze in the China Creek area.

Two fires were also reported by the Nanaimo district ranger.

**Tender for \$98,098 Lowest on Highway**  
Lowest of three tenders for construction of a three-mile section of the Trans-Canada Highway near Pritchard, east of Kamloops, was submitted yesterday by Premier Construction Company Ltd. The amount was \$98,098.

## Daily Astrology

By RITA DEL MAR

For Tuesday, May 17, 1949

Today's Quotation: "If thou wouldst marry wisely, marry thine equal."—Ovid.

Tuesday for Everyone: Be ambitious; try to attract the favorable notice of those in positions of prominence. Conciliate differences, do your share of entertaining.

Look for your birthdate and birth-sign below.

March 21 to April 19—(Aries)—Seek to gain co-operation, financial betterment through supporters, organizational connections.

April 20 to May 20—(Taurus)—Turn the tide of events to your advantage; boost reputation, credit, vocation. Contact leading people.

May 21 to June 20—(Gemini)—Induce others to O.K. your program and decide in your behalf. Get a boost from distant folk.

June 21 to July 22—(Cancer)—Increase revenue via joint income and monetary transactions. Attend to accounts, resources of others.

July 23 to August 22—(Leo)—Decide to "pull together" with those around you to achieve a favorable outcome. Rub shoulders.

August 23 to September 22—(Virgo)—Drive ahead on the job, monetary of business front. Improve employment, service interests.

September 23 to October 22—(Libra)—Strike a gay note today; you can find greater fun, self-fulfillment. Capture good-will.

October 23 to November 21—

(Scorpio)—Make your home and neighborhood the scene of today's achievements. "Polish up" your every-day setting.

November 22 to December 21—(Sagittarius)—Strengthen the ties of heart and mind that bind you to others. Make headway thereby.

December 22 to January 19—(Capricorn)—Take steps to secure added funds or make current assets and the budget more effective.

January 20 to February 18—(Aquarius)—You can bring desired recognition and goals closer. Move briskly; make calls, contacts.

February 19 to March 20—(Pisces)—Surmount former problems and restrictions; move to seal business pacts.

Planning ahead—Good for sociability, entertaining, etc.: May 17, 22, 23; daytime of 24; mornings of 25, 26; June 1, evening of 2, daytime of 4; afternoons of 7, 9, 11.

## EARLY FORTUNE-TELLING

Fortune telling in early times was highly esteemed and is mentioned with respect by Pliny, Aristotle and other ancient writers.

## Better English

By D. C. WILLIAMS

1. What is wrong with this sentence "I saw him some three years ago."
2. What is the correct pronunciation of "menial?"
3. Which one of these words is misspelled? Friendless, soulless, lifeless.
4. What does the word "imitable" mean?

5. What is a word beginning with "imp" that means threatening.

## ANSWERS

1. Say, "about three years ago."
2. Pronounce me-ni-al, e as in me, accent first syllable.
3. Soulless.
4. Capable of being imitated. "The characters of men placed in lower stations of life are more useful, as being imitable by greater numbers."
5. Impending.

## COTTON TARGET UP

Britain's production target for cotton cloth for 1949 is 2,050,000,000 yards—150,000,000 more than last year.

## Net Income \$268,266

NEW WESTMINSTER, May 16.—Total income of the Westminster Paper Co. Ltd. for the fiscal year ended January 31 was \$4,525,762, compared with \$3,952,574 during the corresponding period last year. Expenses totaled \$4,257,495, leaving a net income of \$268,266. Dividends amounted to \$90,000. Working capital showed an increase of \$49,312.
